SkillsUSA NEBRASKA ANNOUNCES 2017 LEADERSHIP AND SKILLS CONFERENCE WINNERS

SkillsUSA Nebraska, a Nebraska Department of Education career student organization, recently recognized award winners and elected new state officers during its 2017 State Leadership and Skills Conference in Grand Island. The event was hosted at the Heartland Events Center and Fonner Park.

More than 2,000 people attended the conference, including 1,700 high school and college students and advisors. Students participated in more than 100 hands-on skills and leadership contests.

"I have students who have been at the conference for four years. You see them as a senior and they've built up their confidence. They see what they can do and what they can become. It's extremely rewarding," says Matt Hurt, an instructor at Hastings High School. This is the sixth year Hastings High has had a team in the competition.

The competition is just as rewarding for the students. Jade Jones, a student at Omaha Northwest High School, was a first-time competitor this year. "It's going beyond what I can do in the classroom. SkillsUSA is different. The competition is great and I can learn a lot from the other contestants."

The contests were developed and directed with the help of Nebraska industry, trade associations, and labor organizations, and test competencies set by national industry standards. First place winners from Nebraska competitions qualify for the SkillsUSA National Leadership and Skills Championships Conference held June 19 - 23, in Louisville, Kentucky.

The 2017-2018 SkillsUSA Nebraska State Officers are:
