GENERAL INSTRUCTIONS

The Nonpublic Curriculum Reporting System is a separate application from NSSRS, but they are interconnected. The Nonpublic Curriculum Reporting System relies on the data submitted in the NSSRS Staff Demographics and Staff Position Assignments records to determine which staff need a curriculum report.

This data collection is for nonpublic systems. See 92NAC10-003.08 and 92NAC14-004.01G. Please check the NSSRS Validation Verification Report: Current Personnel to ensure staff are reported correctly.

The Nonpublic Curriculum Reporting System will collect data on courses teachers teach for use in determining compliance with Rule 10/14 (i.e. Instructional Units and Percent of Teachers teaching in their Endorsed Area).

The Nonpublic Curriculum Reporting System is located under the Data Collections tab in the portal. The buttons you will see on the Main Form are:

Instructions – This instruction manual is located under the “Instruction” button along with other buttons to resource documents including “Course Code and Clearing Endorsements” (formerly referred to as Appendix D), “Course Code list”, “Curriculum Report Upload Record Layout”, “Biennial Form”, “Cooperative Arrangements Form”, “Dual Credit for Accredited Schools”, and “Dual Credit for Approved Schools”.

Enter/Edit Data – This button takes you to the online data entry page. Most small systems will want to use this method to complete the Curriculum Report rather than downloading and uploading.

Upload Staging File Records – This button takes you to the page you can get information about uploading a file. It is suggested that medium to large systems will want to use this option since entering data online will be time-consuming.

Download Staging File Records – This button takes you to a page where you can download last year’s information (if you haven’t uploaded current data yet) or get the current information after you upload. The downloaded file can be updated, renamed with the appropriate naming convention and uploaded. It is suggested that systems whose Student Information System vendor hasn’t created an export function might want to use this process or enter data online under the Enter Data button.

Logout – Exits the application.

Printing a Work Copy of the Curriculum Report

This is not a required step but may be helpful. To print a copy of the curriculum report by location/school, click on the Enter Data button. Select the school for which you want to print this report. Click on Create School Report. A report will come up with a print option (click on the printer icon to print). NOTE: If you do this function before you edit or upload data, the errors will be included in the report BUT they are not annotated.

NSSRS Validation – Verification Report

Teachers Assigned Out of Endorsed Area or Level – This is a report that Approval and Accreditation used to send out. Systems need to review this data as the percentage of endorsed teachers will affect your compliance with Rule 10 or Rule 14.

This report will be updated nightly to reflect any updates to the Staff Reporting 2016-2017 and Teacher Certification made the day before.

Due Date

February 28, 2017

Audit Window Date

March 15, 2017

Scope

Each staff person reported as a “teacher” in the NSSRS Staff Reporting System (Position Assignments) will need to report the courses they are teaching. If the teacher does not have any courses to report, please update the NSSRS Staff Reporting System Position Assignments with the updated staff assignment.

The NSSRS Assignment Codes [Staff Position Assignments: Position Assignment Code (11)] for teachers that will report in the Nonpublic Curriculum Reporting System are:

X-1150 Head Teacher

X-1160 Teacher

S-1161 SPED Teacher Teaching Core Academic Subjects/Grading

S-1162 SPED Teacher Teaching Core Academic Subjects/Alternate Standards/Assessment

X-1170 Teacher – Facilitator

All teachers will need to report curriculum data. The course information must be reported for each section of each course taught. Do not combine sections that have the same course code unless they make up a year-long course. Be sure to report the minutes per session and sessions per year based on the instruction the students receive. If it is a year-long course, be sure to report semester code 3 with the number of sessions to reflect that.

Secondary and Middle School Teachers – For online entry, a record for each teacher will display. If a teacher is not listed, please check NSSRS Validation Verification Report, Current Personnel to ensure staff are reported correctly.

Teachers that reported curriculum in 2015-2016 will have data available to be edited. If the courses reported are the same for 2016-2017 (with the same minutes per session, sessions per year and semester code), please update the number of students in each course. Delete any courses that are not valid for 2016-2017. Add courses if appropriate.

Secondary and Elementary Special Education Teachers – For online entry, a record for each Special Education Teacher that was reported with the [Staff Position Assignments: Position Assignment Code (11)] S-1161 and S-1162 will be available to enter or update. If the courses reported are the same for 2016-2017 (with the same minutes per session, sessions per year and semester code), please update the number of students in each course. Delete any courses that are not valid for 2016-2017. Add courses if appropriate.

Elementary Teachers – For online entry, a record for each teacher will be available to enter or update. Teachers teaching an elementary self contained class will use course code 180000, with the appropriate grade taught code, special course indicator will be 0, semester code will be 3, minutes per session might be 360 (for a 6.5 hour day, 30 minute lunch), sessions per year will be the number of days school is in session, and then the total number of students in the class. If the students are birth to kindergarten and served in the home, you may also use course codes 180005 (Home-Based Program (Non SPED)) or 194000 (Special Education In-Home Setting).

Teachers teaching specific subjects (i.e. PE, Music, Art, Math or Science) will report those specific courses.

Example 1: Four 5th Grade teachers that combine elementary self contained with departmentalized teaching.

All four teachers have a home room for 3 hours per day and will report course code 180000 Self-Contained, grade taught code=05, minutes per session= 180, sessions per year= 177, semester code = 3 and number of students. Then they will report the additional course(s) they teach as follows:

- Teacher A teaches Math for one period. Course code 112800 Mathematics-Middle Grades/Junior High I, grade taught code = 05, minutes per session=50, sessions per year=177, semester code =3 and number of students. This class will be repeated four times because of the different groups of students coming in.

Teacher A example:

Course Name	Course Code	Grade Taught Code	Special Course Indicator Code	Semester Code	Minutes Per Session	Sessions Per Year	Total Students	Dual Credit Students
Self-Contained	180000	05	0	3	180	177	20	0
Math Middle Gr /JR High I	112800	05	0	3	50	177	15	0
Math Middle Gr /JR High I	112800	05	0	3	50	177	20	0
Math Middle Gr /JR High I	112800	05	0	3	50	177	12	0
Math Middle Gr /JR High I	112800	05	0	3	50	177	18	0

- Teacher B teaches English/Language Arts for one period. Course code 050800 Reading-Middle Grades/Junior High I, grade taught code = 05, minutes per session=50, sessions per year=177, semester code =3 and number of students. This class will be repeated four times because of the different groups of students coming in (see similar example Teacher A above).
- Teacher C teaches Science for one period. Course code 130801 Science-Middle Grades/Junior High I, grade taught code = 05, minutes per session=50, sessions per year=177, semester code =3 and number of students. This class will be repeated four times because of the different groups of students coming in (see similar example Teacher A above).
- Teacher D teaches Social Studies for one period. Course code 150011 Social Studies-Middle Grades/Junior High I, grade taught code = 05, minutes per session=50, sessions per year=177, semester code =3 and number of students. This class will be repeated four times because of the different groups of students coming in (see similar example Teacher A above).

Example 2: Another teacher with multiple grades teaching self contained. The teacher below has a 3rd grade home room for 5 hours per day, every day. The teacher also teachers a math class to 4th graders 30 minutes every day and a science class to 5th graders once a week for 30 minutes.

Course Name	Course Code	Grade Taught Code	Special Course Indicator Code	Semester Code	Minutes Per Session	Sessions Per Year	Total Students	Dual Credit Students
Self-Contained	180000	03	0	3	300	180	20	0
Math MiddleGr/ JR High I	112800	04	0	3	30	180	10	0
Science Middle Gr/ JR High I	130801	05	0	3	30	36	15	0

Courses Being Taught by a Substitute

These courses should remain on the teacher of record's curriculum report. The substitute will **NOT** be reported in NSSRS.

Courses Being Taught by a New Hire

The new hire should be reported in the NSSRS Staff Reporting System with Staff Demographics and Staff Position Assignments before you can report their curriculum. After processing, the Nonpublic Curriculum Reporting System will reflect the update the next day. The course code displayed will be 000000 and will have to be edited with the appropriate course code and other information, then all other courses will be added.

Courses Being Taught by Educational Service Unit (ESU) Staff or Staff Coming from Another District/System Working in Your System

Report the course codes of the courses the staff are teaching in your system. If these staff do not appear in the curriculum data, please verify these staff were reported correctly by reviewing the NSSRS Validation Verification Report titled Current Personnel Report and working with the ESU or district/system to report them in the NSSRS Staff Reporting system.

- Due to changes in the way Public Districts and Special Purpose Systems were instructed to report staff that might have an assignment at another district/system, these staff may not show in your Non Public Curriculum. If this is the case please contact the NDE Helpdesk at nde.helpdesk@nebraska.gov or 888-285-0556.

Staff Not Shown on Nonpublic Curriculum Reporting System

If a teacher is not listed, please check NSSRS Validation; Verification Report, Current Personnel to ensure staff have been reported correctly. If staff were not reported correctly, please update the NSSRS Staff Reporting System. The next day the Nonpublic Curriculum Reporting System will reflect the change.

Staff Reported as Teachers that are not Teaching

If a teacher is not teaching any courses, please update their assignment code to accurately reflect their assignment. If a staff member shows up on the list that is not a teacher, please update the NSSRS Staff Position Assignments and update the NSSRS Staff Reporting System to accurately reflect their assignment. The next day the Nonpublic Curriculum Reporting System will reflect the change. Do not delete an assignment unless it was reported in error. If an assignment changed, record a completion date in [Staff Position Assignments: Completion Date (14)] for the assignment and record the new assignment.

NONPUBLIC CURRICULUM REPORT FIELDS FOR UPLOADS

In describing the fields NDE will be collecting, there will be the NDE field name in **bold** followed by the field number in parenthesis.

The Non Public Curriculum report contains one record for every course a teacher teaches or monitors/facilitates.

Record Number (1)

Report a sequential number, starting with 1 for every record in the file. This number will be used to identify unique courses that have the same course code.

County (2)

This is the 2-digit number that identifies the county the System headquarters is located in. This is the first two digits of the County District School Number (XX-9999-999). Include leading zeros.

District (3)

The 4-digit number assigned to your system. This is the middle four digits of the County District School Number (99-XXXX-999). Include leading zeros.

School (4)

The 3-digit number assigned to the school within the system. This is the last three digits of the County District School Number (99-9999-XXX). Include leading zeros. This number should not be 000 (system level). Teachers must be assigned to schools.

NDE Staff ID (5)

Provide the 10-digit NDE Staff ID to identify the teacher. This data element was reported for your staff in the NSSRS Staff Reporting System.

Course Code (6)

Provide the 6-digit code that identifies the course. Include leading zeros. You can find the valid course codes for 2016-2017 under Program-specific Information located at: <http://www.education.ne.gov/nssrs>. The Course Codes and Clearing Endorsements document (formerly "Appendix D") has course descriptions and the valid endorsements to teach the course. The Course Code list provides a list of the courses by subject area. The Course Codes (Excel) has the course code, course name (literal) and a short name (short literal).

If, after consulting the Course Codes and Clearing Endorsements document, you are still unable to associate a course with one of the defined course codes, you can use the course codes titled as "Other" provided under the subject area. **(These course codes should be used only after all other possibilities have been examined.)**

Please note: When using the online entry, if you see a course code of "000000" this could indicate: (1) The course code reported in 2015-2016 was valid for 2015-2016 but is no longer valid for 2016-2017. Please update the course code appropriately, OR
(2) This might indicate a new teacher was reported in the 2016-2017 Staff Position Assignments in the NSSRS Staff Reporting System data with no previous curriculum data. You will need to edit this record with the appropriate course information.

Grade Taught Code (7)

Provide the grade level or grade range of the students taking the course. Use the narrowest grade range that covers all the students in the class. Include leading zeros.

For special education courses, report the student's actual grade level not the highest instructional level. If you have any questions regarding this, please contact Adria Bace at (402)471-4312.

Please review the students in the course and report the appropriate grade range. Grade Taught Code 00 is not appropriate for the Nonpublic Curriculum Reporting System.

Special Course Indicator (8)

Use this field to indicate if the course is a special course that meets the criteria below. Most courses will be coded with a zero. **Systems should only use these codes for courses they receive.** See further instructions below:

Code	Description
0	Not applicable (used for most courses)
2	University of Nebraska High School (either print-based or web-based courses)
4	Interactive Distance Learning (Synchronous Course)
5	Web-Based Distance Learning (Asynchronous Course)
6	Iowa School for the Deaf

Courses Your System Would Like To Count For Instructional Units That May Not Be Taught By Staff Included In Your NSSRS Submission.

Certain courses must be reported on the specialized forms indicated below. These forms can be printed off (paper only) and are found under the Instructions button. These completed forms should be mailed to the Nebraska Department of Education, Accreditation/School Improvement, PO Box 94987, Lincoln, NE 68509 and are due with the same due date as the Nonpublic Curriculum Report. Contact the Accreditation and School Improvement Section of the Nebraska Department of Education if you have questions on completing these forms at (402) 471-2444.

Reporting Interactive/Web-Based Distance Learning Courses

These instructions pertain only to those courses received from other schools or agencies.

If students in a distance learning class receive college credit only, do **NOT** include the course on the Nonpublic Curriculum Report. (**Reminder:** All courses provided for high school credit only or for dual credit must be taught by a teacher holding a Nebraska Teaching Certificate pursuant to State Statute 79-802).

For ALL classes from the University of Nebraska High School:

- Complete the Curriculum report for the local certificated teacher monitoring the course.
- Enter a "2" in the column for Special Course Indicator Code.
- Assignment Code [Staff Position Assignments: Position Assignment Code(11)] will be X-1170

For Interactive Distance Learning (Two-Way Synchronous Interactive Audio-Video Courses):

- Report the course on the Curriculum Report of the teacher who is delivering the course. (**NOTE:** If your school receives an inter-active class from another district/system, and the staff (teacher) does not show in your curriculum data, contact the NDE Helpdesk at nde.helpdesk@nebraska.gov or 888-285-0556.

For Web-Based Distance Learning Courses (Asynchronous courses, i.e. Plato, NovaNet, OdysseyWare, etc.):

- Report the course on the Nonpublic Curriculum Report of the monitoring teacher. (**NOTE:** Only certificated staff may monitor web-based courses. If an administrator or guidance counselor are assigned as a monitor for the course, that assignment must be reported in the NSSRS Staff Reporting System and the staff member's record will appear in the Nonpublic Curriculum Reporting System the next day. The NSSRS Staff Position Assignments should also reflect that facilitating/monitoring assignment as a percent of the individual's total assignment. For instance, on the Staff Position Assignments record the monitoring administrator or counselor must be coded as a 0-1170 for a percentage of his/her assignment.)
- Enter a "5" in the column for Special Course Indicator Code.
- Complete the rest of the line with the course information.

Semester Code (9)

Report the code to indicate when the course is offered and the length of the course.

Code	Description
1	One semester or shorter course beginning during the 1 st semester.
2	One semester or shorter course beginning during the 2nd semester.
3	Year-long course.

Minutes per Session (10)

Provide the average number of minutes the class meets during the entire school year (excluding summer school), and not merely the number of minutes that is regularly scheduled on a normal school day. Take into account schedule changes (i.e. early dismissal, parent-teacher conferences, school improvement activities, shortened schedules).

Example: School is in session with teachers and students for 180 days. The regular class periods are 50 minutes in length. A simple calculation of instructional units would generate 10.0 instructional units (180 days x 50 minutes = 9,000 minutes/900 minutes).

However, the school schedules the regular length period only Monday through Thursday of each week. On Fridays the school has periods of only 40 minutes and early dismissals for a variety of different reasons throughout the year. The average number of minutes each week is computed as follows:

Monday through Thursday: 4 x 50 minutes = 200 minutes.

Fridays: 40 minutes

Total 240 minutes each week

Average minutes per session is 240/5 or 48 minutes

In this example, put 48 in Minutes Per Session (not 50). Early dismissals may result in a shortage of instructional units in required courses. The example shown above would generate only 9.6 instructional units, not 10.0.

Sessions per Year (11)

Provide the number of times the class is scheduled to meet during the entire school year (excluding summer school). Count the number of days/times the class is scheduled to meet during the year on the official school calendar. REMEMBER the number of days in each semester may be different, be sure you have the correct number of sessions for each semester.

Total Students (12)

Provide the total number of students enrolled in the course. In courses that are 1st semester only report the total students as of the last class session. Report students in 2nd semester and year-long courses as of the reporting date.

A course that has zero students cannot be counted for instructional units; therefore, the course must be deleted and not reported.

Dual Credit Total Students (13)

Provide the total number of the students taking this course if this course is eligible for dual credit and the students earned both high school and postsecondary credit. If students are reported, this field should be less than or equal to the Total Students field (12). This field will be pre-populated with zero on the existing records but will need to be entered on any new courses added.

Course Name	Course Code	Grade Taught Code	Special Course Indicator Code	Semester Code	Minutes Per Session	Sessions Per Year	Total Students	Dual Credit Students
Col Mkent	032603	41	0	3	50	180	10	5

Example: There are 10 students in grades 11 and 12 taking a College Marketing for the Entrepreneur course (course code 032603). Of those 10 students, 5 of them are receiving dual credit for the course. This class meets 50 minutes per session and 180 sessions per year. This is a yearlong course.

Additional Information

High School Courses In The Same Subject Area, Same Classroom, Same Time

Rule 10 (92 NAC10-004.04C2) allows High Schools to count instructional units for two courses in the same subject area in the same classroom at the same time if the courses are primarily individualized.

Example: Art III is a semester course for the 10th and 11th graders, Art IV is for independent projects and the courses are taught in the same classroom at the same time.

Course Name	Course Code	Grade Taught Code	Special Course Indicator Code	Semester Code	Minutes Per Session	Sessions Per Year	Total Students	Dual Credit Students
ART III	020300	39	0	1	50	90	4	0
ART IV	020400	12	0	1	50	90	2	0

Reporting Title Migrant Education

If you used a Special Program Indicator Code of 9 (Title I Migrant Education) in the [Staff Position Assignments:Position Assignment Code (11)], please use the courses listed under the Title I Section of Course Codes and Clearing Endorsements (formerly "Appendix D").

Team Teaching

Courses delivered through team teaching should be reported as follows:

The efforts of each teacher involved in team teaching should be reported by each teacher using an appropriate course code.

For example: two teachers are team teaching an American History class. Each teacher handles a separate but contributory portion:

Teacher A – Political Movements

Teacher B – The Wars

There are 33 students in the class, the teachers will report the same course code, same minutes per session, same sessions per year but divide the number of students.

Teacher A's Report:

Course Name	Course Code	Grade Taught Code	Special Course Indicator Code	Semester Code	Minutes Per Session	Sessions Per Year	Total Students	Dual Credit Students
AMER HIST	150820	41	0	1	50	54	16	0

Teacher B's Report

Course Name	Course Code	Grade Taught Code	Special Course Indicator Code	Semester Code	Minutes Per Session	Sessions Per Year	Total Students	Dual Credit Students

Guidance for Special Education Teachers

Special Education Teacher – Core Academic Subjects/Grading. Position Assignment Code S-1161.

The S-1161 teacher is responsible for all aspects of academic content instruction for special education students based on Nebraska Content Standards.

Special education teachers who teach core academic subjects to students with disabilities and are responsible for assigning the students' grades must demonstrate content knowledge in the subjects and at the grade level they teach. These assignments are to be reported at the **GRADE**-level of the students. Special education teachers with FTE in Staff Position Assignment Code of **S-1161** must report classes for said portion of FTE. Course codes are listed in the "Course Codes and Clearing Endorsements" (formerly "Appendix D") document starting in the Special Education section. The course descriptions were designed to encompass a broad scope of instruction and specific academic content classes for staff coded as S-1161. The course codes for classes for this position assignment code begin with **19** and end with **15**.

Special Education Teacher – Core Academic Subjects/Alternate Standards/Assessment. Position Assignment Code S-1162.

The S-1162 teacher instructs students with the most significant disabilities. These students' academic and functional performance significantly impedes their participation in the general education curriculum even with modifications and accommodations. These assignments are to be reported at the **GRADE**-level of the students. Special education teachers with FTE in Staff Position Assignment Code of **S-1162** must report classes for said portion of FTE. Course codes are listed in the "Course Codes and Clearing Endorsements" (formerly "Appendix D") document starting in the Special Education section. The course descriptions were designed to encompass a broad scope of instruction and specific academic content classes for staff coded as S-1162. The course codes for classes for this position assignment code begin with **19** and end with **30**.

Special Education Teacher - Collaborative/Co-Teaching. Position Assignment Code S-1163.

The S-1163 teacher delivers instruction based on curriculum adopted by the school system to address Statewide Standards. This includes co-teaching, joint planning and academic content with departmental support that is based on system curriculum requirement/guidelines. The special education teacher has access to ongoing support from the consultation with appropriately endorsed general education staff. Responsibilities may include adjusting the learning environment, modifying instructional methods, adapting curriculum, using positive behavioral supports and interventions, designing and implementing appropriate accommodations, and other activities to meet students' needs.

These special education teachers should be reported via the NSSRS with a Staff Position Assignments Code of S-1163. **No Curriculum Report will be required for an S-1163 Staff Assignment.**

Special Education Teacher/Facilitator Assignment Code S-1164

The S-1164 teacher facilitates instruction provided through alternate delivery systems such as web-based courses (Nova Net, Plato, etc.), alternate programs and other similar circumstances.

These special education teachers are to be reported via the NSSRS with a Staff Position Assignments Code of S-1164. In these situations, the special education teacher serves as a facilitator of the instruction and is not directly responsible for designing, delivering or assessing instruction. **No Curriculum Report will be required for an S-1164 Staff Assignment.**

Reporting Examples for Special Education Teachers

To assist you in completing the Curriculum Report, please refer to the Instruction Manual and the Table of Contents. Follow the guidance provided under sections General Instructions, Pre-printed Information and Curriculum Section. These sections in the manual include detailed instructions and examples.

Refer to "Course Codes and Clearing Endorsements" (formerly "Appendix D"), Special Education Classes, and beginning on page 221.

Example 1: Staff Position Assignments Code S-1161

Special Education staff reported via NSSRS with a Staff Position Assignments code of S-1161 who is teaching Special Education Math to 24 students in grade 9 and 10. This is an all year course, 50 minutes per session every day. Staff is also teaching a Special Education Language Arts course to 20 students in grade 9. This is an all year course, 50 minutes per session every day. And staff is teaching a Special Education Independent Living course to students in grades 9 thru 12. This is an all year course, 50 minutes per session every day. Note: use course titles with PAC 1161. See the example below:

Course Name	Course Code	Grade Taught Code	Special Course Indicator Code	Semester Code	Minutes Per Session	Sessions Per Year	Total Students	Dual Credit Students
