Section I.b Admissions

Indicate when students are formally admitted into your initial teacher certification program:

Sophomore year There is advanced program at the initial level following the first semester of course work.

Does your initial teacher certification program conditionally admit students?

Yes

Provide a link to your website where additional information about admissions requirements can be found:

<http://www.doane.edu/undergraduate-degree-information>

Please provide any additional comments about or exceptions to the admissions information provided above:

The teacher education program conditionally admits undergraduate students only. There is no conditional admittance for the post-graduate students. Students must meet all requirements. All students have one semester(1st semester Junior Year) to complete the CORE test successfully.

Section I.b Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. (§205(a)(1)(C)(i))

Are there initial teacher certification programs at the undergraduate level?

Yes

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the Undergraduate level.

Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

[Additional guidance on reporting race and ethnicity data.](#)

Section I.d Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2014-15.

Average number of clock hours of supervised clinical experience required prior to student teaching	224
Average number of clock hours required for student teaching	560
Average number of clock hours required for mentoring/induction support	0
Number of full-time equivalent faculty supervising clinical experience during this academic year	6
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	143
Number of students in supervised clinical experience during this academic year	80

Please provide any additional information about or descriptions of the supervised clinical experiences:

The response above reflects faculty directly engaged with candidates in supervised clinical experience which, in Nebraska, is defined as the student teaching experience. We have counted supervising teachers and cooperating teachers. We also have a mentoring/induction support "project bridge" but there is no hourly requirement. It is on-going through a partnership with schools and Doane.

Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2014-15. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Section I.e Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2014-15. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Section I.f Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2014-15: 81

2013-14: 68

2012-13: 65

Section II Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(ii), §206(a))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2014-15

Did your program prepare teachers in mathematics in 2014-15?

Yes

How many prospective teachers did your program plan to add in mathematics in 2014-15?

6

Did your program meet the goal for prospective teachers set in mathematics in 2014-15?

Yes

Description of strategies used to achieve goal, if applicable:

Mentoring by IHE faculty in math and teacher education

Extensive field experiences in mathematics

Methods course work specific to mathematics

Semester long student teaching experience

Project Bridge - beginning teacher assistance

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Section II Assurances

Please certify that your institution is in compliance with the following assurances. (§205(a)(1)(A)(iii), §206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

Yes

Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

Yes

Prospective general education teachers are prepared to provide instruction to students with disabilities.

Yes

Prospective general education teachers are prepared to provide instruction to limited English proficient students.

Yes

Prospective general education teachers are prepared to provide instruction to students from low-income families.

Yes

Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

Describe your institution's most successful strategies in meeting the assurances listed above:

All programs at Doane College meet the NE State Department of Education requirements. Training is linked with the needs of schools and to state K-12 standards. Students seeking certification in secondary schools have a content major. Elementary and Special Education majors have a heavy arts and sciences requirement in the content areas. The variety of experiences prior to and during student teaching are a key to success. Students complete four semesters of practicum experiences and generally two semesters of student teaching at the undergraduate level and one semester of practicum experiences and one semester of student teaching at the post-graduate level. These experiences are in urban and rural settings, with low income, students with special needs, and children with limited English.

Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

NCATE

Higher Learning Commission

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction
Yes
- use technology effectively to collect data to improve teaching and learning
Yes
- use technology effectively to manage data to improve teaching and learning
Yes
- use technology effectively to analyze data to improve teaching and learning
Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All students in teacher education receive instruction in assistive technology and universal design. These concepts are introduced in methods course work and practiced in the practicum experiences. All students take a course in assessment which helps them understand how to manage and analyze data to improve teaching and learning for the purpose of increasing student academic achievement. Further assessment instruction is integrated into methods course work in the content areas. Students also take a technology course to learn how to integrate technology effectively into instruction. In addition, each methods course models the use of technology for teaching and learning and students are required to use technology in their instruction in practicum and student teaching experiences.

Section VI Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare general education teachers to:

- **teach students with disabilities effectively**
Yes
- **participate as a member of individualized education program teams**
Yes
- **teach students who are limited English proficient effectively**
Yes

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

All students at Doane College take a specific course for special education that studies all disability areas. In addition, students participate in IEP and other SAT meetings.

The concepts and skills needed to teach ELL students are integrated into the curriculum. Students may choose to add an ELL endorsement for the state of Nebraska.

Students also complete at least one semester in a school that has a diverse population. They teach lessons, assist teachers, and are responsible for a variety of classroom activities.

Does your program prepare special education teachers to:

- **teach students with disabilities effectively**
Yes
- **participate as a member of individualized education program teams**
Yes
- **teach students who are limited English proficient effectively**
Yes

Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline

if any of the three elements listed above are not currently in place.

Students working toward licensure in special education learn to teach students with disabilities effectively. Students learn different models for teaching the special education student in the mildly/moderately handicapped classroom and in classrooms where students with special needs are integrated into the general education population. Course work includes appropriate methods for handicapping conditions, IDEA, IEP processes, SAT processes, and working within an individualized education program teams. Students also work with students with handicapping conditions in practicum and student teaching assignments. Finally, teaching the limited English speaking student is addressed in method's course work, special education course work and in practicum and student teaching experiences.

Section VII Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Explanation for Pass Rates: Doane College pass rates do not show 100% because we use the composite score allowed by the state of Nebraska. 100% of our students pass the CORE either through meeting the individual score requirements or through the composite score. Description Doane College is a private liberal arts college in Southeast Nebraska. It is the oldest Liberal Arts College in Nebraska. The Doane Teacher Education Program is characterized as performance-based and developmental. Students begin the program in the freshman year. Through a series of sequenced experiences, pre-service teachers complete approximately 240 hours of hands-on practicum experiences with K-12 students prior to student teaching. Students complete full-time student teaching for 14 weeks. Following graduation, students extend their training into a summer semester of graduate work prior to employment. Doane guarantees all students in the initial program employment and offers a first year teacher mentor program. In addition, Doane is the only College in Nebraska to offer an absolute warranty to hiring school districts on the quality of the graduates. Practicum course work is completed in a sequence. Clinical experiences are tied to course work. Students complete a minimum of 240 hours of clinical experiences prior to student teaching for the initial program and 150 hours for the post-bac program. Doane College is accredited by the Higher Learning Commission. Doane College and the Teacher Education Division are members of the American Association of Colleges of Teacher Education (AACTE), Council of Independent Colleges (CIC), Nebraska Association of Colleges of Teacher Education (NACTE); Nebraska Council for Teacher Education (NCTE); Association of Independent Liberal Arts Colleges of Teacher Education (AILACTE);

The post-graduate teacher education program has the same requirements as the initial program at the undergraduate level. There is a difference in the hour requirement for practicum experiences (post-graduate - 200 hours) and the guarantee of employment. However, the unit does offer the warranty for excellence on the advanced students. In the spring of 2012 Doane college completed their review by the state department of education and NCATE. There were no deficiencies cited and Doane received re accreditation from both bodies.
