

DATA SET #4**PROGRAM DATA for
EQUITY and DIVERSITY SCHOOL IMPROVEMENT PLANNING**

Use this worksheet to identify current policies, practices, and programs in your school or district that support equity and diversity. Teachers, counselors, and other stakeholders can help complete this data set. For example, teachers who organize multicultural programs can describe them and provide implementation information. Counselors might be able to describe and provide information about student support programs.

Policy, practice, and/or program	What does this look like? Describe it.	How does it support equity?	How does it support diversity?
