

RESEARCHING SCHOOL IMPROVEMENT STRATEGIES

Use this worksheet to document effective strategies/interventions, practices, and related activities that may support each school improvement goal.

Goal Statement:

Research Summary: In this goal area, what does the research say are successful and effective practices?

School Experiences/Site Visitation: What have other schools with similar demographics done to address this goal? Is a site visit possible or appropriate?

Strategies/Interventions: Based upon this study process, what are three to five strategies/interventions the research team would recommend in this goal area?
