

PROCUREMENT TECHNICAL ASSISTANCE WORKSHOPS

Basics of Government Contracting Workshop

No matter what products or services you offer, if you are doing business in the commercial marketplace you could be selling to government agencies as well.

Sign up for this free workshop to find out how your business could increase sales doing business with government agencies. Get the confidence and know-how to compete for contracts at any level. You will learn:

- ✓ Is government contracting a good strategy for your business.
- ✓ How to find bidding opportunities that match your products or services.
- ✓ How to prepare your business to be competitive and draft a proposal that can win.
- ✓ How to get expert assistance at no cost to you.

Presented by Chuck Beck
