Growing Up WILD

Join Nebraska Project WILD for a training specifically for **Afterschool Program Providers!** This workshop will focus on the Growing Up WILD guide and show how to use this guide to develop an **afterschool club** focusing on nature, STEM and having fun outside!

Growing Up WILD is a high-quality, easy-to-use guide for after school program providers.

Growing Up WILD activity guide:

- Is for educators of students in grades preK-4th
- Has 27 field-tested, hands-on activities.
- Includes crafts, art projects, music & movement, reading, math, science, and civics connections.
- Involves social, emotional, physical, language & cognitive domains to help foster learning in all areas.
- Is easily used to develop afterschool clubs and summer learning sessions.

Friday, July 13, 2018
