DETERMINING CERTIFIED BUDGET AUTHORITY

All public school districts are under an expenditure limitation for the general fund budget of disbursements and transfers. The Department of Education calculates and certifies budget authority to each school district.

Certified Budget Authority is the greater of the budget based calculation, the student growth adjustment, or the formula needs based calculation.

Budget Based Calculation

The Budget Based Calculation uses information from the 2017/18 LC-2 (Lid Computation Form). The steps in the 2018/19 Budget Based Calculation are detailed below:

$$(GFBE - SGF - SPED - GFLE) \times 1.015$$

- Step 1:** The 2017/18 Total General Fund Budget of Disbursements and Transfers (GFBE) is reduced by 2017/18 Special Grant Funds (SGF), 2017/18 Special Education Budget of Disbursements and Transfers (SPED), and 2017/18 General Fund Lid Exclusions (GFLE). This calculation represents the adjusted general fund budget of expenditures on Line B-140 of the LC-2.
- Step 2:** The adjusted general fund expenditures from Step 1 are grown by the Basic Allowable Growth Rate of 1.5%.

Student Growth Adjustment Calculation

The Student Growth Adjustment Calculation uses information from the 2017/18 Lid Computation Form (LC-2), the 2018/19 Student Growth Adjustment, and the 2018/19 Student Growth Correction from the 2017/18 State Aid Certification. The steps in the 2018/19 Student Growth Adjustment Calculation are detailed below:

$$((GFBE - SGF - SPED - GFLE) + (SGA +/- SGACORR))$$

- Step 1:** The 2017/18 Total General Fund Budget of Disbursements and Transfers (GFBE) is reduced by 2017/18 Special Grant Funds (SGF), the 2017/18 Special Education Budget of Disbursements and Transfers (SPED), and the 2017/18 General Fund Lid Exclusions (GFLE). This calculation represents the adjusted general fund budget of expenditures on Line B-140 of the LC-2.
- Step 2:** The 2018/19 Student Growth Adjustment (SGA) is adjusted by the 2017/18 Student Growth Correction from the 2018/19 State Aid Certification is added/subtracted to the Adjusted General Fund Expenditures calculated in Step 1

DETERMINING CERTIFIED BUDGET AUTHORITY

Formula Needs Based Calculation

The Formula Needs Based Calculation uses information from the 2018/19 State Aid Certification and the 2017/18 LC-2. The steps in the 2018/19 Formula Needs Based Calculation are detailed below:

$$((FN \times 1.10) - (SPED \times 1.015))$$

- Step 1:** The 2018/19 Formula Needs (FN) of the school district are increased by 110%.
- Step 2:** The increased 2018/19 Formula Needs are then reduced by the 2017/18 Special Education Budget of Disbursements and Transfers (SPED) that has been grown by the Basic Allowable Growth Rate (BAGR) of 1.5%.

Basic Allowable Growth Rate [§77-3446 & §79-1025]

The Basic Allowable Growth Rate is 1.5% for school fiscal years 2018/19 and 2019/20 after which the Basic Allowable Growth Rate will return to 2.5%

Data Components from the LC-2

The following data components are compiled from the 2017/18 LC-2 on file with the Department of Education:

- ◆ General Fund Budget of Disbursements and Transfers
- ◆ Unused Budget Authority
- ◆ Total Unused Budget Authority
- ◆ Special Grant Funds
- ◆ Special Education Budget of Disbursements and Transfers
- ◆ General Fund Lid Exclusions

Budget Factor Certification and Data components are available at the following website:

EXCLUSIONS TO THE EXPENDITURE LIMITATION

There are provisions in statute for specific items to be outside of the expenditure limitation [§79-1028.01(1)]. These expenditure exclusions are described below and a list of these expenditure exclusions may be found in the Appendix.

Special Grant Funds

Special grant funds are placed (*or excluded*) outside of the expenditure limitation. The State Board of Education approves a list of special grant funds for each school fiscal year. Special grant funds also include certain items listed on the Special Grant Fund List that require specific approval from the State Board of Education before being accessed by a school district. These special grants include:

- ◆ *Insurance Settlements* – When a settlement is received on an insurance claim(s), the expenditures necessary to repair or replace the item(s) in the claim may be excluded from the expenditure limitation up to the amount of the insurance settlement proceeds received.
- ◆ *Interfund Loans* – The repayment of loans between school district funds may be excluded from the expenditure limitation.
- ◆ *Reimbursements for Wards of the Court* – Payments received by school districts as reimbursements for educating wards of the court may be excluded from the expenditure limitation.
- ◆ *Repayments to County Governments for Previous Overpayments* – Occasionally an error will be made at the county level in the distribution of property taxes to school districts in the county. When this occurs and a school district is required to repay those tax dollars, the repayment may be outside of the expenditure limitation.
- ◆ *Short-term Borrowings* – School district borrowings that are made and repaid within the same school fiscal year may be excluded from the expenditure limitation. These include, but are not limited to, tax anticipation notes, registered warrants and short-term loans for cash flow purposes.
- ◆ *Special Supplementary Grants from City or County Governments* – Any grant not currently listed on the Special Grant Fund List from a city or county government.
- ◆ *Special Supplementary Grants from Corporations, Foundations, or Other Private Interests* – Any grants not currently listed on the Special Grant Fund list from a corporation, a foundation or any other private interest.

The receipt of additional grants occurs frequently during a school fiscal year. A school district must receive State Board approval to exclude an additional grant from the expenditure lid. To receive State Board approval for one of the items previously listed, follow the process detailed at the end of this Section.

The General Fund budget may need to be amended to provide a school district with the authority to spend the additional grant funds. The amendment process would occur when the expenditure of additional grant funds would cause the school district to exceed the Total General Fund Budget of Disbursements and Transfers. This figure is shown on the School District Budget Form and represents the maximum amount of money that may be spent during the school fiscal year from the General Fund. The Special Grant Fund List and the LC-2 must also be amended when amending the General Fund budget for additional grants.

EXCLUSIONS TO THE EXPENDITURE LIMITATION

Special Education

Items budgeted as special education expenditures are placed outside of the expenditure limitation. State Statute Section 79-1025 prohibits a school district from using the budget authority for special education on non-special education expenditures.

There is no limitation placed on the amount of funds a school district may budget for special education expenditures. A limitation is placed on the amount of money that will be reimbursed by the State of Nebraska for special education expenditures.

Infrastructure Damaged by Natural Disaster

An exclusion to the expenditure limitation exists for school districts with expenditures for repairs to infrastructure damaged by a natural disaster. In order to be considered an exclusion to the expenditure limitation, the Governor or the Federal Emergency Management Agency (FEMA) must declare a disaster emergency pursuant to the Emergency Management Act. This exclusion requires State Board approval. (Appears on Budget Schedule A)

Judgments Not Paid by Liability Insurance

To qualify for this exclusion, the school district must have a judgment entered against it that requires or obligates the school district to pay such judgment. The exclusion is limited to the amount not paid by the liability insurance coverage of the school district. This exclusion does not apply to judgments or orders from the Commission of Industrial Relations (CIR). A school district must apply to the State Board for approval to access this exclusion. (Appears on Budget Schedule A)

Distance Education Courses

A school district may have an exclusion not to exceed the amounts received from educational entities, as defined in section 79-1201.01, for providing distance education courses through the Educational Service Unit Coordinating Council to such educational entities. The State Board of Education must approve the use of this exclusion. (Appears on Budget Schedule A)

Native American Impact Aid Exclusion

This exclusion is available only to school districts that have land within its boundaries that is federal property classified as Indian lands under 20 U.S.C. 7713(7) and have received funds as impact aid due to children in attendance who reside on Indian lands in accordance with 20 U.S.C.7703(a)(1)(C). State Board Approval is required for this exclusion. (Appears on Budget Schedule A)

EXCLUSIONS TO THE EXPENDITURE LIMITATION

Voluntary Termination Agreements

There are three categories of voluntary termination agreements expenditure exclusions that districts can apply for depending on the timeframes of the agreements and whether the Voluntary Termination Agreements are the result of a Collective Bargaining Agreement. (Appears on Budget Schedule A.)

- Incentives paid for voluntary termination agreements which have been approved within timeframes listed below with ***certificated STAFF who are retiring prior to September 1, 2017***:
 - *Prior to July 1, 2009, or*
 - *Occurring on or after the last day of the 2010/11 school year and prior to the first day of the 2013/14 school year, or*
 - *Occurring on or after the first day of the 2013/14 school year. The request must include the net cost savings over five years.*
- Incentives paid for voluntary termination agreements with ***certificated TEACHERS beginning September 1, 2017***, that meet the following stipulations:
 - The value of current and future incentives will not exceed \$35,000 in total.
 - All incentives must be paid within five (5) years of agreement or until the certificated teacher becomes eligible for Medicare -- whichever occurs first.
 - The voluntary termination agreement was not part of any collective bargaining agreement.
 - The payment of incentives must result in a net savings in salary and benefit to the district over a five-year period.
- Incentives paid for agreements with ***certificated EMPLOYEES*** for voluntary terminations resulting from a collective bargaining agreement signed and in place ***prior to September 1, 2017***. The following details the amounts eligible as an expenditure exclusion for this category of Voluntary Termination Agreements:
 - For retirements occurring prior to September 1, 2017, 100% of the incentives paid by the district during the 2017/18 year are eligible for the expenditure exclusion.
 - For retirements occurring between September 1, 2017 and August 31, 2018, 75% of the total incentives paid by the district during the 2017/18 school year would be eligible for the expenditure exclusion. (i.e. \$10,000 retirement incentive paid by district equals a \$7,500 Expenditure Exclusion for the district.)
 - For each school year following the 2017/18 year, the percentage eligible as an expenditure exclusion for retirements from voluntary termination agreements resulting from a collective bargaining agreement reduces by 25% until zeroed out:
 - 2018/19 year – 50% of incentives paid out for voluntary termination agreements are eligible as an expenditure exclusion.
 - 2019/20 year – 25% of incentives paid out for voluntary termination agreements are eligible as an expenditure exclusion
 - 2020/21 year – no longer eligible as an expenditure exclusion.
 - **The Voluntary Termination Agreement exclusion is not allowed for any incentives paid for voluntary termination agreements resulting a collective bargaining agreement signed and in place September 1, 2017 and after.**

Retirement Contribution Increase

The school district's increase in the contribution rate for employee's salaries will be an exclusion to the expenditure lid. State Board approval is required for this exclusion. This exclusion allows a school district to exceed the expenditure limitation by a specific dollar amount not to exceed the difference between the employer's contribution rate of 9.88% and 7.35% for the budgeted amount of employee salaries. The expenditure exclusion for Class V school districts will be the difference between the employer's contribution rate of 9.88% and 7.37%. (Appears on Budget Schedule A.)

EXCLUSIONS TO THE EXPENDITURE LIMITATION

2017/18 Early Childhood Education Grants

If 2018/19 is the first year early childhood membership is included in the district's formula students, districts can request an expenditure exclusion for the amount equal to the 2017/18 Early Childhood Education Grant increased by the Basic Allowable Growth Rate. State Board Approval is also required for this expenditure exclusion. (Considered an "LC-2" exclusion because the amount is added to the budget base so carries over to future year's budget authority. This has a positive impact on budget based and student growth based budget authority for following years.)

New Elementary Attendance Site(s)

A school district may exceed the expenditure limitation by the specific dollar amount of expenditures for the first year of operating a new elementary attendance site(s). To qualify for this exclusion the elementary attendance site(s) must have been closed for at least one school year and the elementary attendance site would most likely qualify for the elementary site allowance component in the calculation of 2018/19 State Aid. State Board approval is required for this exclusion. (Considered an "LC-2" exclusion because the amount is added to the budget base so carries over to future year's budget authority. This has a positive impact budget based and student growth based budget authority for following years.)

Retirement Incentive Plan & Staff Development Assistance

The Retirement Incentive Plan and Staff Development Assistance are described in §79-854 through §79-858 and are available to any school district that has reorganized or unified and a reduction in force is necessary. The deadline for notifying certified staff of the availability of these options is March 15. Costs incurred through the establishment of a Retirement Incentive Plan and/or Staff Development Assistance are exclusions to the expenditure limitation. Consult the Nebraska Revised Statutes and/or legal counsel for assistance in meeting the specific steps a school district must follow when implementing either of these options. State Board approval is required for these exclusions. (Considered an "LC-2" exclusion because the amount is added to the budget base so carries over to future year's budget authority. This has a positive impact budget based and student growth based budget authority for following years.)

Process to Request State Board Approval

Submit the request email to receive State Board approval for any of the exclusions listed in this section. Email requests to Bill Biven at bill.biven@nebraska.gov

For Special Grants not listed on the Special Grant Fund List or one or more of the Supplementary Grants, the request should provide details of the purpose of the grant and the amount of funds anticipated to be received. For the remaining exclusions listed in this section, the request should provide details of the additional expenditures relating to the exclusion.

The Office of School Finance & Organization Services will notify the school district of the State Board's approval, modification, or denial of the amount(s) requested for exclusion from the expenditure lid.

EXCLUSIONS TO THE EXPENDITURE LIMITATION

Filing Deadlines for Expenditure Exclusions

Schools must request State Board Approval for expenditure exclusions before accessing additional budget authority these expenditure exclusions provide. All expenditure exclusions must receive State Board Approval ***EXCEPT*** for Special Education Expenditures and for those special grants specifically identified on the Special Grant Fund list.

The following chart addresses the deadlines in place for schools to submit expenditure exclusion requests to be presented to the State Board for approval.

Deadline to File Request for Expenditure Exclusion	State Board Meeting
No July State Board Meeting	
July 13, 2018	August 3, 2018
August 17, 2018	September 7, 2018
September 7, 2018	October 5, 2018
October 12, 2018	November 2, 2018
November 16, 2018	December 7, 2018

ALLOWABLE RESERVE LIMITATION

School districts can budget for a necessary cash reserve in most of the budgeted funds. A budgeted necessary cash reserve is the amount of funds a school district *expects* to receive and have available during the school fiscal year. (*The Depreciation Fund, Contingency Fund and Special Building Fund are the only funds that do not have a budgeted necessary cash reserve.*)

Many revenue sources such as property taxes are not received evenly throughout the year. Budgeting for a necessary cash reserve helps even out the school district's cash flow during these times by asking for more in property taxes. A budgeted necessary cash reserve places a school district in a better financial position to pay bills during times when receipts are coming in slowly.

The budgeted necessary cash reserve **does not** refer to the funds a school district has on deposit with a financial institution or those funds held by the county treasurer. The funds a school district has on deposit with a financial institution or those funds held by the county treasurer are components of the total beginning balance and the total ending balance of a school district. ***There is no limitation on the total beginning cash balance or the total ending cash balance of a school district.***

Necessary cash reserve limitations take two forms— an Applicable Allowable Reserve Percentage and a percentage of budgeted expenditures.

Applicable Allowable Reserve Percentage

School districts can budget a necessary cash reserve up to the Applicable Allowable Reserve Percentages certified for their district. The total amount of Necessary Cash Reserve in the General Fund and Employee Benefit Fund and the Total Requirements in the Depreciation Fund may not exceed a specific percentage based on the Average Daily Membership of the school district.

This percentage is applied to the 2018/19 Total General Fund Budget of Disbursements and Transfers to determine the maximum dollar amount of allowable reserves. The Applicable Allowable Reserve Percentages are listed in the table below and found in §79-1027.

Average Daily Membership	Allowable Reserve Percentage
0 – 471	45 %
471.01 – 3,044	35 %
3,044.01 – 10,000	25 %
10,000.01 and over	20 %

Necessary Cash Reserves as a Percent of Budgeted Expenditures [§13-504(1)(b)]

The amount of necessary cash reserves in the following funds cannot exceed 50 percent of the total budgeted expenditures less capital outlay for the budget year:

- Bond Fund
- Activities Fund
- School Nutrition Fund
- Qualified Capital Purpose Undertaking Fund
- Cooperative Fund
- Student Fee Fund

EXCEEDING BUDGET AUTHORITY

A school district may decide the budget authority calculated after including the expenditure exclusions is insufficient to provide the appropriate level of service within the school district. The other options available to access additional spending authority for a school district are detailed below.

Access to Prior Year's Unused Budget Authority

A school district may exceed certified budget authority by accessing an amount equal to the *lesser* of:

- ◆ Two percent of the prior year's adjusted general fund expenditures or
- ◆ the prior year's total unused budget authority.

This amount is calculated by the Department of Education. A school district wishing to access the prior year's growth will enter the amount calculated by the Department of Education in the LC-2.

Special Election to Exceed Budget Authority

Section 79-1029 allows a board of education or the legal voters of the school district to request a special election to exceed the budget authority for the general fund budget of expenditures (as prescribed in section 79-1023) by a specific dollar amount. A special election to exceed the budget authority for the general fund budget of expenditures only provides additional authority for *one school fiscal year* if passed by the district voters.

When the decision has been made to put the issue of exceeding the budget authority for the general fund budget of expenditures to the patrons of the school district, an election can be called for in one of two ways:

- ◆ Recommendation by the school board; or
- ◆ Petition signed by at least five percent of the legal voters of the school district.

The recommendation of the board or the petition of the legal voters must include the total dollar amount the board would increase the general fund budget of expenditures for the 2018/19 school fiscal year over and above the budget authority for the general fund budget of expenditures certified by the Department of Education for the 2018/19 school fiscal year. The vote may be placed on the ballot at a primary, general, or special election. Sample ballot language for a public election to exceed certified budget authority can be found in the Appendix. This ballot language should be reviewed by the school district legal counsel.

Any special election conducted under the Election Act must be held on the first Tuesday following the second Monday of the month unless the recommendation or petition specifically provides for another day. In even-numbered years, no special elections may be held in April, May, June, October, November, or December unless the special election is held in conjunction with a statewide primary or general election.

The vote to exceed the budget authority for the general fund budget of expenditures may occur in conjunction with the vote to exceed the levy limitation. However, an election to exceed the budget authority for the general fund budget of expenditures may not require an election to override the levy limitation.

Information on an election to exceed the levy limitation is found in §77-3444 and the **Exceeding the Levy Limitation** section of this *Budget Text*. If the special election is for both issues, specific language should be included in the ballot indicating the school board is requesting authority to exceed the levy and expenditure limitations.

Work with the county clerk, election commissioner and the school district legal counsel to develop the ballot language and to conduct the election. The county clerk or election commissioner will be able to provide the timeframes for holding a special election.

EXCEEDING BUDGET AUTHORITY

Documentation Required to Certify Additional Budget Authority

A school district must attach a copy of the ballot language and certification of election results to the School District Budget Form. If the voters approve the increased budget authority, the approved amount is included on the School District Budget Form and Section B of the LC-2.

Budget Authority from a Dissolved/Merged School District(s)

A school district is allowed to exceed its budget authority as a result of receiving valuation from a dissolved or merged school district. The receiving school district will utilize the dissolving school district's Certified Budget Authority and access to the prior year's total unused budget authority. The calculation and determination of Certified Budget Authority may be found in the **Determining Certified Budget Authority** section of this *Budget Text*.

If more than one school district will be receiving budget authority from a dissolving school district, the percentage of valuation being received by each school district will be applied to the dissolving school district's Certified Budget Authority and access to the prior year's total unused budget authority.

BUDGET PREPARATION, ADOPTION, FILING, AND AMENDING

School districts are subject to the provisions contained in Chapter 13, Article 5 of the Nebraska Revised Statutes, also known as the Nebraska Budget Act. Section 13-502(1) states: “The purpose of the Nebraska Budget Act is to require governing bodies of this state to which the act applies to follow prescribed budget practices and procedures and make available to the public pertinent information pertaining to the financial requirements and expectations of such governing bodies so that intelligent and informed support, opposition, criticism, suggestions, or observations can be made by those affected.”

Much of the general information concerning preparing, adopting, filing, and amending a budget for political subdivisions is contained in the Nebraska Budget Act. A summary of the procedures and deadlines specific to school districts are outlined below. A list of school district funds may be found in the Appendices.

Budget Preparation

Budgeting is the process of allocating finite resources to the prioritized needs of a school district. The budget represents legal authority to spend school district funds. Adopting a budget implies a set of decisions has been made by the board of education that matches the needs of the school district with its resources.

One method of preparing a budget is to compare actual receipts and expenditures from preceding school fiscal years to the estimated/actual receipts and expenditures for the current school fiscal year. This information will assist school district personnel and the board of education in estimating the appropriate level of receipts and expenditures for the ensuing school fiscal year. The method may also provide the necessary information for the board of education to prioritize programs and activities to determine which programs or activities may need to be reduced in order to stay within the levy and expenditure limitations.

The information for preparing a budget may be gathered from a number of documents. These documents may be, but are not limited to, the following:

- ◆ Audit Reports from prior school fiscal years
- ◆ Annual Financial Reports from prior school fiscal years
- ◆ School District Budget Forms from prior school fiscal years (including the Worksheet Pages)
- ◆ Internal reports and data from the school district’s accounting system

Timeline for Budget Preparation, Adoption and Filing

There are statutory deadlines that require state agencies or county officials to provide certain information necessary to the budget process to school districts. The information from state agencies or county officials may be received a few days before or after the date listed below.

On or before March 1– School districts received the information listed below from the Department of Education:

- ◆ The amount of State Aid the school district will receive in the 2018/19 school fiscal year.
- ◆ *Budget Factors Certification* – Includes the 2018/19 Budget Authority, the 2018/19 Applicable Allowable Reserve Percentage, and the data components used to calculate and determine Certified Budget Authority.
- ◆ A detailed list of the budget and LC-2 materials may be found in the 2018/19 *Budget Timeline*, the 2018/19 *LC-2 Preparation Guidelines* and the 2018/19 *Budget Instruction Manual*. (Available mid-June)
 - Available at <http://www.education.ne.gov/FOS/SchoolFinance/Budget/Index.html> or the Auditor of Public Accounts website at <http://www.auditors.state.ne.us>.

BUDGET PREPARATION, ADOPTION, FILING, AND AMENDING

March 15 – Deadline for notification of availability of the Retirement Incentive Plan and Staff Development Assistance for school districts that are part of a dissolution/merger or unification.

April 15 – Deadline for school districts to provide Reduction in Force (RIF) notices to certificated personnel.

August 20 – Assessed valuation is certified by the county assessor to school districts and all other political subdivisions.

September 20 – Adopted budgets for school districts must be filed with the Auditor of Public Accounts, the County Clerk, and the Nebraska Department of Education.

Budget Hearing

School districts must hold a public hearing prior to adopting a budget. The Notice of Budget Hearing and Budget Summary must be published in a newspaper of general circulation in the school district *four* days prior to the hearing. ***The Auditor of Public Accounts considers the day of publication but not the day of the hearing as part of the four-day count.*** For example, the hearing notice must appear in the paper on Thursday to legally hold a hearing on the following Monday. During the 2017 Legislative Session, LB151 was approved which changed the number of days that hearing notices are required to be published in a newspaper prior to the hearing. Consult legal counsel to provide a timeline for the publication of the hearing notice.

The Notice of Budget Hearing and Budget Summary must include the time, day and place of the hearing, a summary of the proposed budget statement and an itemized estimate of the property tax request. The Notice of Budget Hearing and Budget Summary form that is provided by the Auditor of Public Accounts meets all of the statutory requirements for publishing. A school district may hold the budget hearing prior to a regular board meeting or may schedule the hearing at another convenient time.

After the budget hearing has been held, a board of education has three options:

1. Adopt the budget as originally published.
2. Make changes to the published budget and then vote to adopt.
3. Vote to postpone the motion to adopt the budget in order to further consider the budget.

The board of education may choose to postpone the motion to adopt the budget after conducting the budget hearing. The option to postpone may be to further consider changes to the budget that arise at the budget hearing. There is no requirement to hold another budget hearing prior to adopting the budget when the board of education chooses this option.

BUDGET PREPARATION, ADOPTION, FILING, AND AMENDING

Adopting the Budget

A majority vote of the board of education is necessary to adopt the budget. If the budget is adopted as published, the budget is ready to be filed. The vote to adopt the budget is **not** conducted during the hearing. It takes place during the board meeting held after the hearing or at another board meeting scheduled at a later date.

If the adopted budget differs from the budget originally published, a summary of changes must be published within 20 days after its adoption. The summary should identify the items changed and the reasons for the change. If the Notice of Summary of Changes is published within 20 days from the date the budget is adopted, there is no requirement to publish a notice for another hearing, hold another hearing, and take another vote to adopt the budget.

If a school district fails to meet the 20-day republishing deadline, it must go through the hearing process described on the following page to amend the budget before the budget is considered legally adopted.

Budget Filing Requirements

School district budgets must be filed by **September 20** with:

- ◆ Auditor of Public Accounts
- ◆ County Board, c/o County Clerk
- ◆ Nebraska Department of Education

This year the school district budgets and supporting materials (listed below) *must be uploaded* through the LC-2 System in the NDE Portal. Hard copies of the budget information mailed in will not be accepted.

The following materials are included when filing the budget:

- ◆ School District Budget Form (Cover Page through Page 5)
- ◆ Proof of Publication for the Notice of Budget Hearing
- ◆ Notice of Budget Hearing
- ◆ Schedules A, B, D
- ◆ Copy of Certification of Taxable Value
- ◆ Election Ballot and Certification of Election Results for a successful election to override the levy limitation (if applicable)
- ◆ Lid Computation Form (LC-2) submitted to the Nebraska Department of Education through the NDE Portal
 - Paper copy of the LC-2 and the Special Grant Fund List submitted to the Auditor of Public Accounts and the County Clerk
- ◆ Election Ballot and Certification of Election Results for a successful election to exceed the expenditure limitation (if applicable)
- ◆ Board minutes showing approval of district budget

BUDGET PREPARATION, ADOPTION, FILING, AND AMENDING

Correcting the Budget

A budget may be corrected for clerical, mathematical or accounting errors without holding a public hearing if the following conditions are met:

- ◆ The board of education discovers the error(s) within 30 days of adopting the budget;
- ◆ The correction does not affect the total budget of disbursements and transfers by more than 1%; or
- ◆ The correction does not increase the amount of the property tax request.

If the Auditor of Public Accounts notifies a school district of one of these errors, the budget may also be corrected within 30 days without holding a hearing.

Amending the Budget

The Nebraska Budget Act does not allow a school district to spend more than the total budget of disbursements and transfers in any budgeted fund. There may be occasions when the adopted budget will not meet the expenditure needs of the school district due to unforeseen circumstances. The budget should be amended whenever it appears expenditures will exceed the total budget of disbursements and transfers in any budgeted fund. School districts should review the LC-2 to help determine the maximum amount available when amending the General Fund.

State Statute 13-511 provides the process for amending a budget. The process is similar to the one used to adopt the budget. A Notice of Amended Budget Hearing should be published in a newspaper of general circulation within the school district four days prior to the hearing – ***not counting the day of the hearing***. A copy of the summary of the original adopted budget that was previously published and a copy of the summary of the proposed revised budget should be included in the Notice of Amended Budget Hearing.

Information required in the Notice of Amended Budget Hearing includes the time, day and place of the hearing, the dollar amount of the proposed change, and the reason for the proposed amendment. The Notice of Amended Budget Hearing should state the reason(s) the adopted budget is not adequate to meet the needs of the school district for the fiscal year. A Notice of Amended Budget Hearing form may be found in the School District Budget Form provided by the Auditor of Public Accounts.

Whenever it becomes necessary to amend a budget, the fund or funds being amended must balance—Total Requirements must equal Total Resources Available. The amount of property taxes requested cannot be changed if the amendment is adopted after the county board of equalization has set tax levies and the county clerk has delivered the tax list to the county treasurer. The county board of equalization is required to set tax levies on or before October 15. Levies become final on November 5 and cannot be changed.

When a school district refinances a bond, expenditures of the Bond Fund (or Qualified Capital Purpose Undertaking Fund) will likely increase significantly and exceed the budgeted expenditures. In that case, that fund would need to be amended. The actual hearing to amend the budget should be done prior to the actual refinancing process.

There is no requirement to amend a budgeted fund if more receipts are received during the year than were budgeted to receive.

BUDGET PREPARATION, ADOPTION, FILING, AND AMENDING

Hold the Hearing/Adopt the Amended Budget

The hearing to amend the budget may be scheduled before a regular board meeting. A majority of the board of education is necessary to adopt the amended budget. The vote to adopt the amended budget should occur during the board meeting following the hearing.

File the Amended Budget

When filing the amended budget, submit the following:

- proof of publication of the hearing to amend the budget
- pages of the budget that differ from the previously adopted budget.
 - If the amendment affects the General Fund expenditures or the Allowable Reserves, an amended LC-2 must be submitted to the Department of Education through the NDE Portal. Paper copies of the amended LC-2 should be filed with the Auditor of Public Accounts and the County Clerk. Include.
- Board minutes showing approval to amend the district budget

School district budget amendments and supporting materials *must be uploaded* through the LC-2 System in the NDE Portal. Hard copies of the budget information mailed in will not be accepted.

These items must be filed with the following entities:

- ◆ Auditor of Public Accounts
- ◆ County Board c/o County Clerk
- ◆ Nebraska Department of Education

PROPERTY TAX REQUEST

School district budgets are subject to a levy limitation. The levy limitation places a ceiling on the property tax rate that may be assessed against the taxable valuation in a school district. The one percent (1%) County Treasurer Fee and the Delinquent Tax Allowance must be levied within the statutory maximum levy established in §77-3442. School districts may levy above the statutory maximum levy by accessing levy exclusions. A list of these exclusions may be found in the Appendix.

The levy limitations apply to the General Fund, the Special Building Fund, and portions of the Bond Fund and Qualified Capital Purpose Undertaking Fund. A list of school district funds may also be found in the Appendix.

The statutory maximum levy for school fiscal year 2018/19 is \$1.05 plus exclusions per \$100 of taxable valuation for school districts.

Calculating the Property Tax Levy

To calculate a property tax levy, use the following formula:

$$(\text{Property Tax Request} \div \text{Assessed Valuation}) \times 100 = \text{Property Tax Levy}$$

Calculating the Property Tax Request

To calculate the amount of a tax request at a specific levy, use the following formula:

$$(\text{Assessed Valuation} \times \text{Property Tax Levy}) \div 100 = \text{Property Tax Request}$$

Levy Exclusions

The exclusions to the levy limitation are provided in §77-3442(2)(d) and §77-3442(10). The total amount of exclusion items in each fund may be increased by one percent (1%) to account for the county treasurer commission. For example, if the levy exclusion items total \$40,000, the property tax request that is excludable from the levy limitation would be \$40,400 (\$40,000 X 1.01).

The exclusions to the levy limitation are:

- ◆ Voluntary Termination Agreements
 - Incentives paid for voluntary termination agreements which have been approved within timeframes listed below with ***certificated STAFF who are retiring prior to September 1, 2017***:
 - *Prior to July 1, 2009, or*
 - *Occurring on or after the last day of the 2010/11 school year and prior to the first day of the 2013/14 school year, or*
 - *Occurring on or after the first day of the 2013/14 school year. The request must include the net cost savings over five years.*
 - Incentives paid for voluntary termination agreements with ***certificated TEACHERS beginning September 1, 2017***, that meet the following stipulations:
 - The value of current and future incentives will not exceed \$35,000 in total.
 - All incentives must be paid within five (5) years of agreement or until the certificated teacher becomes eligible for Medicare -- whichever occurs first.
 - The voluntary termination agreement was not part of any collective bargaining agreement.

PROPERTY TAX REQUEST

- The payment of incentives must result in a net savings in salary and benefit to the district over a five-year period.
- Incentives paid for agreements with **certificated EMPLOYEES** for voluntary terminations resulting from a collective bargaining agreement signed and in place **prior to September 1, 2017**. The following details the amounts eligible as a levy exclusion for this category of Voluntary Termination Agreements:
 - For retirements occurring prior to September 1, 2017, 100% of the incentives paid by the district during the 2017/18 year are eligible for the expenditure exclusion.
 - For retirements occurring between September 1, 2017 and August 31, 2018, 75% of the total incentives paid by the district during the 2017/18 school year would be eligible for the expenditure exclusion. (i.e. \$10,000 retirement incentive paid by district equals a \$7,500 Expenditure Exclusion for the district.)
 - For each school year following the 2017/18 year, the percentage eligible as an expenditure exclusion for retirements from voluntary termination agreements resulting from a collective bargaining agreement reduces by 25% until zeroed out:
 - 2018/19 year – 50% of incentives paid out for voluntary termination agreements are eligible as an expenditure exclusion.
 - 2019/20 year – 25% of incentives paid out for voluntary termination agreements are eligible as an expenditure exclusion
 - 2020/21 year – no longer eligible as an expenditure exclusion.
 - *The Voluntary Termination Agreement exclusion is not allowed for any incentives paid for voluntary termination agreements resulting a collective bargaining agreement signed and in place **September 1, 2017 and after**.*
- ◆ *Special Building Fund projects commenced prior to April 1, 1996* – The amounts levied to pay for special building fund projects commenced prior to April 1, 1996. Commenced is defined as “any action taken by the school board on the record which commits the board to expend district funds in planning, constructing, or carrying out the project.”
- ◆ *Judgments not covered by liability insurance* – The amount levied for judgments obtained against a political subdivision that are not covered by liability insurance.
- ◆ *Lease-purchase contracts approved prior to July 1, 1998* – Only amounts levied for lease-purchase contracts approved prior to July 1, 1998.
- ◆ *Bonded indebtedness*– The amount levied to retire bonded indebtedness (principal and interest only) that has been approved according to law and secured by a levy on property. This includes repayment of bonds from the General Fund, Bond Fund and Qualified Capital Purpose Undertaking Fund.
 - This exclusion does not include the repayment of principal, premium, or interest on general obligation bonds issued for insurance premium costs and the payment of all costs and expenses associated with membership in a risk management pool that are effective after April 2, 2008.

Taxing Funds and Exclusions Specific to the Funds

School districts request property taxes in four funds – General Fund, Special Building Fund, Bond Fund and Qualified Capital Purpose Fund. These are considered the “*Taxing Funds*” of a school district.

The funds are listed below along with exclusions for the fund and any other restrictions on the levy of the fund.

- ◆ **General Fund**– School districts may access any of the following levy exclusions, unless otherwise noted.
 - Voluntary termination agreements meeting eligibility criteria. (see

PROPERTY TAX REQUEST

- Judgments not covered by liability insurance.
- Only lease-purchase contracts approved prior to July 1, 1998.
- Bonded indebtedness. (Principal and interest only.)
 - Does not include the repayment of principal, premium, or interest on general obligation bonds issued for insurance premium costs and the payment of all costs and expenses associated with membership in a risk management pool that are effective after April 2, 2008.
- ◆ **Bond Fund**
 - Bonded indebtedness. (Principal and interest only.)
 - Does not include the repayment of principal, premium, or interest on general obligation bonds issued for insurance premium costs and the payment of all costs and expenses associated with membership in a risk management pool that are effective after April 2, 2008.
- ◆ **Special Building Fund**
 - Special Building Fund projects commenced prior to April 1, 1996.
 - Only lease-purchase contracts approved prior to July 1, 1998.
 - There is a statutory maximum levy of 14¢ with board approval and 17.5¢ with voter approval.
- ◆ **Qualified Capital Purpose Undertaking Fund (QCPUF)** – Bonded indebtedness. (Principal and interest only.)
 - The statutory maximum levy for the QCPUF is 3¢.
 - QCPUF bonds issued by the board prior to April 19, 2016, can exceed the 3¢ maximum levy but cannot be more than 5.2¢.
 - QCPUF bonds issued in any given year can exceed the 3¢ maximum levy if valuation is lower than the valuation in the year in which the district last issued QCPUF bonds and the 3¢ maximum levy is insufficient to meet the combined principal and interest obligation.
 - QCPUF Projects financed by a bond issued by the board must be for **existing** buildings and is limited to 10 years.
 - Includes repayment of Qualified Zone Academy Bonds issued prior to April 19, 2016
 - Includes the bonding authority for Qualified School Construction Bonds

When levies for all of these taxing funds are added together, the total levy must be at or below the maximum levy set forth in §77-3442, (\$1.05 per \$100 of assessed valuation), unless the school district has accessed one or more of the levy exclusions. When a school district accesses one or more of the exclusions to the levy limitation, the tax levy set by the county board of equalization will be greater than the maximum levy set forth in §77-3442.

A school district may also have a tax levy higher than the maximum levy set forth in §77-3442 if it held a successful election to override the levy limitation. The process to override the levy limitation may be found in the **Exceeding the Levy Limitation** section of this *Budget Text*.

Other Levy Limitation Considerations

An additional levy limitation is given for school districts that qualify as “Federal Aid School Districts.” This is defined in 77-3442(2)(e) as “. . . any school district which receives ten percent or more of the revenue for its general fund budget from federal government sources pursuant to Title VIII of Public Law 103-382 as such title existed on September 1, 2001.” Title VIII of Public Law 103-382 is more commonly referred to as Impact Aid.

As stated in §77-3442(2)(e), any school district that qualifies under this exclusion item can levy in excess of the levy limitation “to the extent necessary to qualify to receive federal aid pursuant to Title VIII of Public Law 103-382 as such title existed on September 1, 2001.” If a school district thinks it may qualify for this exclusion item, contact the

PROPERTY TAX REQUEST

Department of Education, School Finance & Organization Services for further information. The patrons of a school district may vote to exceed the levy limitation also referred to as a *Levy Override*.

Levy Overrides

Calling the Election

State Statute 77-3444(1) allows a board of education to call for a special election to exceed the levy limitation by a resolution approved by 2/3 of the board of education. Only one resolution per calendar year by the board of education may be submitted to the voters.

The patrons of a school district may call for a special election by submitting a petition signed by at least five percent (5%) of the legal voters of the school district to the board of education. Only one petition may be submitted by the legal voters each year.

The resolution or the petition must include the amount of the excess levy authority being sought, as well as the duration of the excess levy (maximum of 5 years). The county clerk/election commissioner must receive the resolution or petition at least 30 days before the election is held. The notice of the election must be made at least 20 days before the election is to be held. The election must take place prior to October 10 of the first year in which the excess levy would be in effect.

Any special election conducted under the Election Act must be held on the first Tuesday following the second Monday of the month unless the recommendation or petition specifically provides for another day. In even-numbered years, no special elections may be held in April, May, June, October, November, or December unless the special election is held in conjunction with a statewide primary or general election.

Whenever a school district is considering holding an election to exceed the levy limitation, the school district should also review its spending authority. The vote to exceed the levy limitation may occur in conjunction with the vote to exceed the budget authority for the general fund budget of expenditures. Both votes may be necessary to give the school district the authority to spend the additional funds generated by a successful election to exceed the levy limitation. Information on combining the elections may be found in the **Exceeding Budget Authority** section of this *Budget Text*. When this situation occurs, specific language should be included in the ballot indicating the board of education is requesting authority to exceed the levy and the budget authority for the general fund budget of expenditures.

Work with the county clerk or election commissioner and your legal counsel to develop the ballot language and to conduct the election.

Ballot Language

The language on the ballot to exceed the levy limitation should include the amount of the levy in excess of the statutory maximum, which budgeted funds the levy override will cover, and the number of years (not to exceed 5 years) for the increased levy. *The ballot should also include whether or not levy exclusion items will be allowed over the excess levy being voted upon.* The school district may also wish to add the total tax levy being requested.

Section 77-3444(2) provides specific ballot language necessary to exceed the levy limitation. An example of a sample ballot to exceed the levy limitation may be found in the Appendix.

Approval to Exceed the Levy Limitation

A successful election to exceed the levy limitation provides a school district the authority to levy an amount not to exceed the maximum levy in §77-3442(2) **plus** the amount of additional levy authority approved in the election **plus** the

PROPERTY TAX REQUEST

ability to tax for the levy exclusions. Taxing for the additional levy exclusions is only available if the ballot contained language regarding the ability to tax for the additional exclusions. A copy of the ballot language and a certification of the election results must be filed with the school district's budget.

Rescinding or Modifying the Excess Levy

Section 77-3444(4) states "A political subdivision . . . may rescind or modify a previously approved excess levy authority prior to its expiration by a majority of registered voters voting on the issue in a primary, general, or special election at which the issue is placed before the voters." The requirements for calling the election and approving the rescission or modification are the same as those for approving the original issue.

The final piece of the budget process is the Property Tax Request Resolution. The Property Tax Request Resolution asks for tax dollars based on the total property tax request of the school district. The property tax request determines the amount of tax dollars a school district is seeking from its taxpayers to fund the school district through the upcoming school fiscal year. The property tax request is approved by the board of education when the budget is adopted.

The Property Tax Request Resolution contains the same tax requests approved when the budget was adopted. If a property tax request is modified as a result of information from the budget hearing, the Property Tax Request should contain the updated information and a summary of the changes must be published within 20 days after the hearing. The summary should identify the changes and the reasons for the change. The Summary of Changes is published within 20 days from the date the hearing. There is no statutory requirement to republish the Notice of Special Hearing to Set Final Tax Request.

Property Tax Request

Section 77-1601.02(1) states that "The property tax request for the prior year shall be the property tax request for the current year for the purposes of the levy set by the county board of equalization...unless the (board of education) passes by a majority vote a resolution...setting the tax request at a different amount." If the property tax requests for the taxing funds are the same as the property tax requests in those funds for the previous year, the school district is not required to adopt a Property Tax Request Resolution asking for tax dollars.

For most school districts, these amounts will differ. The school district must hold a public hearing on the total amount of tax dollars being requested. The Notice of Special Hearing to Set Final Tax Request should be published in a newspaper of general circulation within the school district four days prior to the hearing. The Hearing Notice should contain the time, day, and place of the hearing in addition to the following required items:

- ◆ The dollar amount of the prior year's property tax request.
- ◆ The property tax levy that was necessary to fund the prior year's property tax request.
- ◆ The property tax levy that would be necessary to fund the prior year's property tax request if applied to the current year's valuation.
- ◆ The proposed dollar amount of the property tax request for the current year.
- ◆ The property tax levy necessary to fund the current year's tax request.

The Notice of Special Hearing to Set Final Tax Request that is provided by the Auditor of Public Accounts meets all of the statutory requirements for publishing. The Hearing Notice will contain two property tax request figures and three property tax levies for every taxing fund. The school district must ensure that the patrons of the school district will be able to identify which of these property tax requests and property tax levy figures actually apply to the upcoming budget year.

The Special Hearing to Set Final Tax Request may be held prior to a regular board meeting or may be scheduled at another convenient time. The board meeting may be on the same day or a subsequent day. The board of education

PROPERTY TAX REQUEST

should approve the Property Tax Request Resolution at a meeting held after the public hearing. The vote to approve the Property Tax Request Resolution should not occur during the public hearing. A majority vote of the board is required to adopt the Property Tax Request Resolution.

After the Property Tax Request Resolution is adopted, §77-1601.02(1) states that the Property Tax Request Resolution “shall be certified and forwarded to the county clerk...” An example of a resolution may be found in the Appendix.

Timeline for the Property Tax Request

If you find an error in the levies, contact the County Board of Equalization *immediately* to correct the information. **On November 5, the property tax request and levy is final and cannot be changed.**
