MISSION

The mission of the Nebraska Council on Economic Education is to act as a catalyst and lead a statewide initiative to advance economic and financial literacy.

VISION

To ensure that all students from kindergarten through high school have an ongoing education in economics and personal finance. Further, we work to enhance teachers understanding of the subject matter and their ability to teach these important concepts to their students.

VALUES

We believe that students should develop economic ways of thinking and problem solving that they can use in their lives as consumers, savers, investors, members of the workforce, responsible citizens and effective participants in a global economy.

PROGRAMS

The Nebraska Council on Economic Education sponsors several statewide activities supporting our mission.

- Economics Challenge
- Finance Challenge
- High School Business Competitions
- Stock Market Game
- In School Savings Program
- Financial Literacy Concerts
- Teacher Development Workshops
