

SY 18-19 Food Distribution PROCESSED and BROWN BOX Products - Portion Sizes, Crediting and Nutrition Information (Revised 9/14/18)

The following list outlines commodity products available to schools as of July 2018. The majority of the items on this list are "PROCESSED". Note that a shaded "Product Number" and "Product Description" means that the item is a "BROWN BOX" item (these are typically pre-ordered one time per year, around Feb/Mar) and are a USDA item. Not all BROWN BOX items are listed in the table below, just those where the portion size or crediting might be unique to the product. A list of other BROWN BOX items can be found on the last page.
