

Entrepreneurship & Expeditions

Kaytlyn Kennedy

Karly Black

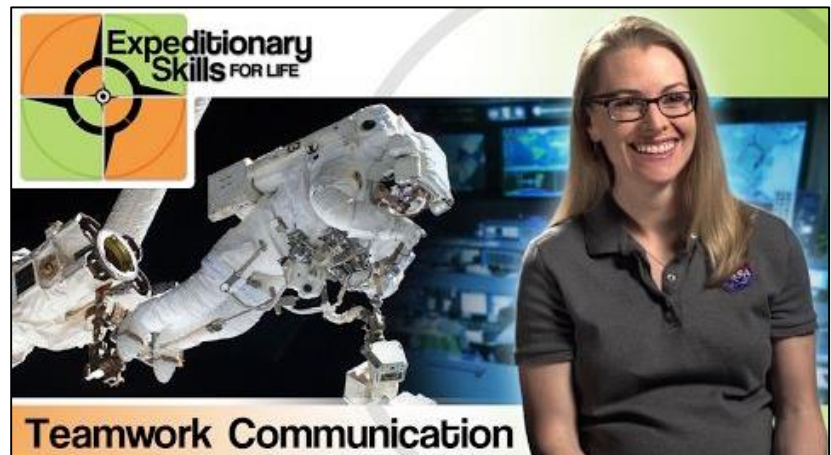

INVENTURE Day

- Typically a field day experience, but can easily be adapted to various session of 30 minutes to one hour.
- Focuses on non-cognitive and cognitive entrepreneurial skills.
- Increase knowledge of local business and community, engage with local entrepreneurs, identify potential entrepreneurial careers.
- What will you create?

Expeditionary Skills for Life

- FREE Lesson plans for elementary, middle, and high school groups.
- Adaptable lessons which range from 30 minutes to 2.5 hours.
- Setting goals, managing time, coping with stress, caring for yourself and your team, being a good leader and a good follower, and evaluating whether information you find on the web is reliable.
