

Websites

Project BEAK

www.projectbeak.org

Bird Education & Awareness for Kids is an interactive website devoted to birds. Filled with

information, games, quizzes, & videos, the website teaches all about birds. The website also has educator resources & classroom activities.

Nebraska Bird Library

www.nebraskabirdlibrary.org

The Nebraska Bird Library is an interactive website dedicated to helping people identify & learn about

Nebraska's birds. Searchable by bird color, size, habitat, or by common or scientific name, the website has images, info, songs, & maps.

Nebraska Threatened & Endangered Species

outdoornebraska.gov/endangeredspecies

What does it mean for a species to be listed as Threatened or Endangered? Visit the Nebraska T&E Species webpage to learn about these designations, Nebraska's 27 Threatened &

Endangered Species and download free lesson plans.

Nebraska Project WILD

www.nebraskaprojectwild.org

Visit the Nebraska Project WILD website to find upcoming workshops, free educator resources, website links, information on outdoor classrooms, and information about our curriculum & activity guides. A great place to start your search!

Guides & Workshops

Project WILD & Aquatic WILD are a set of K-12th grade activity guides designed to help educators teach about habitats, ecosystems, adaptations, biodiversity, human impacts on the environment, and wildlife management. In addition, Project WILD teaches problem-solving and observation skills in a hands-on way. Workshop participants receive both the terrestrial and aquatic guides.

Growing Up WILD: Exploring Nature with Young Children is an activity guide specifically for early childhood educators. It is a fun & engaging way to explore science, math, language, and social studies skills. Additionally, the guide helps children develop positive impressions about nature and build lifelong social and cognitive skills.

Flying WILD is a curriculum & activity guide introducing teachers and students to the study of birds – habitats, adaptations, migration, mating, & observation. In addition, this guide helps educators set-up a birding festival and community service projects related to birds. Activities are geared towards 5th - 8th grade students.

For more information about WILD workshops, contact:

Education Trunks & Kits

Nebraska Project WILD's Wildlife Education Trunks are an amazing way to expand or supplement your curriculum while providing a fun, hands-on experience for your students.

Mammals of Nebraska

Binocular Kits

Insect Investigations

Mammals of Nebraska Trunk

Focusing on mammals found in Nebraska, this trunk features skulls, furs, track & scat replicas, children's books, and curriculum guides. Hands-on and fun! All ages.

Birds of Nebraska Trunk

Filled with feathers, wings, feet, skulls, bird call Identifier™, field guides, children's books and videos, it is a great way to teach about Nebraska's birds. All ages.

Prairie Trunk

Nebraska is a prairie state! And, this trunk is a great way to incorporate prairies into your curriculum. Filled with skulls, furs, feathers, puppets, books, and field guides focusing on Nebraska's prairies. All ages.

Insect Investigations Kit

Come check out this kit to explore the insect world! Kit includes puppets, life cycle models, literature books and field guides and field collecting tools. This kit is geared for early childhood programs.

Basic Binocular Kit

Bridge to Birding kits are designed to connect Nebraskans to the outdoors and foster an appreciation for birds. Each kit contains 20 binoculars, field guides, bird activity guide & information. All ages.

Life Cycles Kit

Designed for early elementary, this kit is perfect for teaching about multiple life cycles - insect, amphibian, plant, bird. Kit includes models, books, posters and activity binder. PreK-second grade.

Bioblitz Trunk

A bioblitz is a survey of all the living things at one location. Host a bioblitz at your school or park! This trunk has everything you need including binoculars, insect nets, hand lenses, and field guides! Not sure exactly how to do a bioblitz? A binder full of instructions and lesson plans is included. Upper elementary-High School.

CHECK-OUT A TRUNK TODAY!

Contact the nearest location to reserve an education trunk. Trunks are **FREE** to check-out & available for 2-week periods. You are responsible for pick-up and return.
