TRANSITIONAL TEACHING PERMIT
FOR NEBRASKA CERTIFICATION

This Permit requires continuing progress toward a Completed Teacher Education Program.

Employment in a Nebraska school system is required for this Permit.

The Nebraska Department of Education, in partnership with the University of Nebraska at Kearney, has implemented the transitional teaching permit program. The intent of the permit is to provide an option for districts that are unable to fill teaching positions with regular certified teachers.

The University of Nebraska at Kearney offers an online transitional certification program that is designed for those individuals who already have a B.A. or B.S. degree or higher and have a significant amount of coursework (75%) in a subject area.

The Candidate for the Transitional Teaching Permit must:
- Hold a baccalaureate degree with 75% of the content required by RULE 24 for the required endorsement;
- Submit a transcript review request through the Transitional Certification Program webpage at http://www.unk.edu/academics/ted/transitional_certification/index.php;
- Complete 3 professional education graduate courses (18 hours), as well as 6 graduate credit hours of student teaching (completed while on-the-job). View online courses at http://www.unk.edu/academics/ecampus/;
- Follow a transitional plan developed by the UNK Transitional Certification Program that leads to Initial Certification within 3 years of the first application for a Transitional Permit;
- Complete at least 6 credit hours each academic year to be eligible for renewal.

To obtain additional information on the career path to teaching, contact:
Kayla Goodenberger, TCP Office Associate, goodenbergkj@unk.edu, or at 308-865-8512.

To School Principals and Superintendents:
Before you hire a Transitional Teaching Permit candidate, make sure he/she qualifies to obtain the permit. Contact Dr. Wendy McCarty, TCP Director, mccartywl@unk.edu, 308-865-8971. Upon successful completion of the entire professional sequence, recommendation will be made to the Nebraska Department of Education for the issuance of an Initial Teaching Certificate.
Nebraska Department of Education requires passing scores on the **Praxis Core Academic Skills Test**. The applicant must demonstrate their basic skills competency as determined by the State Board of Education. **The test chosen to meet this requirement is the Praxis Core Academic Skills for Educators** (Reading, Writing and Mathematics) formerly Praxis I. This test is for admission into an Education Preparation Program; applicants that apply for their first regular Nebraska Teaching or Administrative Certificate are required to take a computer-based test administered by ETS-Educational Testing Service, Princeton, New Jersey.

An applicant shall be exempt from this requirement if:

- The applicant has two or more consecutive years of Teaching experience (contract teaching) or
- The applicant has Administrative experience in an approved or accredited school while holding a certificate issued by that state on the basis of successful completion of an approved educator certification program in any state or
- The candidate has current credential from the National Board of Professional Teaching Standards

If you wish to take all three computer-delivered Core exams (5712, 5722, 5732) at the same time, select Core Academic Skills for Educators: Combined Test (5751) when registering. Scores will be reported by individual test (5712, 5722, 5732). [www.ets.org/praxis](http://www.ets.org/praxis)

PRAXIS SUBJECT ASSESSMENT (CONTENT TEST) FOR ENDORSEMENTS ON A NEBRASKA CERTIFICATE

Any person who applies for a regular Teaching, or Administrative endorsement to be added to a Nebraska Certificate or Permit must meet passing scores requirements for the approved content test that has been established by the Department.

The content test is a Praxis Subject Assessment or School Leadership series test published by the Educational Testing Service of Princeton, New Jersey.

Accepted tests and passing scores for the Nebraska Department of Education can be found at:

https://www.education.ne.gov/tcert/pdfs/ContentTestScores%20(3).pdf

Only those tests on the list are accepted. No Exceptions. A regular endorsement is not added until a passing score has been sent by the Educational Testing Service to the Department.

A Nebraska Certificate cannot be received by a first time applicant unless the person has completed one regular endorsement and passed the content test required by Nebraska.

Nebraska certificate holders can add additional endorsements to their certificates once they complete the academic program and pass the content test.

Frequently Asked Questions Regarding Praxis Subject Assessment/Content Testing in Nebraska

Effective September 1, 2015, individuals must provide evidence they have taken the appropriate Praxis Subject Assessment Content Test and passed at the NE-required score before a new endorsement(s) can be placed on a Nebraska Teaching Certificate. Nebraska uses Praxis Subject Assessments/Content Tests from Educational Testing Service (ETS), Princeton, NJ.

- How do I know which Praxis Subject Assessment/Content Test to take to meet Nebraska?

The list of required Praxis Subject Assessment/Content Tests is available on the NDE website at:

https://www.education.ne.gov/tcert/pdfs/ContentTestScores%20(3).pdf
An applicant for a Nebraska Teaching or Administrative Certificate will have to take and pass the appropriate Praxis Subject Assessment/Content Test for each listed endorsement area in order to have the endorsement(s) placed on their NE Teaching Certificate. NOTE: Those with both Elementary Education and Special Education endorsements are required to take and pass both the appropriate Elementary Education content test and the appropriate Special Education content test.

- **When should I take the Praxis Subject Assessment/Content Test?**

  Individuals should consult with their preparation institution to determine the institution’s requirements regarding Praxis Subject Assessment/Content Testing. Check the Praxis Subject Assessment/Content Test testing schedule on the ETS Praxis website to determine testing centers and dates when tests are available. ([https://www.ets.org/praxis/register/centers_dates](https://www.ets.org/praxis/register/centers_dates))

- **Do I need to pass the Praxis Subject Assessment/Content Test to complete my Teacher Education preparation program?**

  Check with your institution teacher preparation program regarding this. The Nebraska Department of Education requires a passing score on the appropriate Praxis Subject Assessment/Content Test to have an endorsement placed on a regular Nebraska teaching or administrative certificate.

- **Is every teacher required to take and pass a Praxis Subject Assessment/Content Test?**

  Those teachers certified in Nebraska prior to September 1, 2015 are not required to take and pass a Praxis Subject Assessment/Content Test unless they are adding an endorsement or adding an additional grade level to their current regular NE Teaching Certificate.

    **Example 1:** A currently-certified NE principal with the Principal 7-12 endorsement who did not ever take a Praxis Subject Assessment/Content Test, but wants to add the Principal K-6 level to their regular certificate endorsements on or after September 1, 2015 must take and pass the appropriate Praxis Subject Assessment/Content Test to add the Principal K-6 endorsement to their regular current certificate.

    **Example 2:** A currently-certified NE teacher with a Chemistry 7-12 teaching endorsement who wants to add a Science 7-12 field endorsement to their regular certificate on or after September 1, 2015 must take and pass the appropriate Praxis Subject Assessment/Content Test to add the Science 7-12 endorsement to their regular current certificate. Those applying for a NE Teaching or Administrative Certificate for the first time, on or after
September 1, 2015 must provide evidence they have taken and passed the appropriate Praxis Subject Assessment/Content Test. Not all endorsements require a content test. See http://www.ets.org/praxis/prepare/materials

**How are passing scores determined?**

The initial designation of passing scores was determined by panels of Nebraska educators. As ETS updates Praxis Subject Assessment/Content Tests, Multi-State Standard Setting (MSSS) panels are called to establish passing scores, which Nebraska may elect to adopt. Score data will be collected by NDE and reviewed periodically.

- **What if I do not pass the required Praxis Subject Assessment/Content Test?**

  Those who do not obtain the NE required score on the Praxis Subject Assessment/Content Test have the option of retaking the test multiple times. (See Praxis Test Retake policies on the ETS website: www.ets.org/Praxis)

- **How does one register to take a Praxis Subject Assessment/Content Test?** Register at http://www.ets.org/

  Make sure to choose the correct test number and title of the appropriate Praxis Subject Assessment/Content Test needed for the corresponding endorsement. Please be certain to correctly spell your name and provide your correct Social Security number, as failure to do so will delay processing of your certificate application in Nebraska. Note that not all tests are offered during all testing windows.

- **How can I be certain my scores are reported to the correct institution and to NDE?**

  If you take a Praxis Subject Assessment/Content Test at a Nebraska testing center, scores are automatically reported to the Nebraska Department of Education. If you test outside of Nebraska, you MUST indicate the Nebraska Department of Education as one of your score recipients during the test registration process. ETS allows four score recipients at no additional charge. You must also designate your ‘Attending Institution’ for scores to be reported to your institution.

WRITING A NARRATIVE FOR THE SPECIAL EDUCATION TRAINING REQUIREMENT

Nebraska Statutory Provisions 79-807 (7)

If you have the appropriate employment experiences* which provided you with the opportunity to acquire the FIVE skills for the Special Education requirement, you may be eligible to meet the requirement by submitting a written narrative as described below.

*Employment experiences are defined as work by an individual as an employee (a) in an approved, accredited, or otherwise legally operated school while holding or qualifying to hold a regular certificate issued by another state, by the U. S. Department of Defense, or by a foreign country based upon the successful completion of an approved teacher education program, (b) in post-secondary education, or (c) in a community organization or agency that provides services to children.

Five Skills Required for the Special Education Training Requirement

- Knowledge of the exceptional needs of the disabilities defined under the Special Education Act. These are caused by physical, sensory, or intellectual impairment, inappropriate behavior, learning disabilities, and/or speech/language impairment;
- Knowledge of the major characteristics of each disability in order to recognize its existence in children;
- Knowledge of various alternatives for providing the least restrictive environment for children with disabilities;
- Knowledge of methods of teaching students with disabilities in the regular classroom; and
- Knowledge of pre-referral alternatives, referral systems, multidisciplinary team responsibilities, the individualized education plan process, and the placement process.

VERIFICATION OF SKILLS THROUGH EMPLOYMENT EXPERIENCE

Writing the Narrative
The following is an abbreviated example of an acceptable format for writing a narrative which will verify the SPED skills have been met through employment experience. The narrative for each skill should be approximately one typed page.
**SAMPLE**

**First Skill:** Knowledge of the exceptional needs of the disabilities defined under the Special Education Act. These are caused by physical, sensory, or intellectual impairment, inappropriate behavior, learning disabilities, and/or speech/language impairment;

I have taught in three different schools over the last fourteen years and during that time I have seen all the disabilities in one form or another, and the various ways schools have attempted to address them. In my own classes I have learned “on the job” how to work effectively with students with mental limitations, learning disabilities and behavior disturbances. While I am not an expert in this area, I have achieved the competency and confidence needed to teach special needs students and to work with special education teachers.

I have gained great understanding of these children and their families and siblings.

**Second skill:** Continue with each skill as indicated above.

*Sign your name and include your social security number.*

**REQUIRED VERIFICATION AND SIGNATURE**

Having personal knowledge of (NAME) employment experiences, I hereby verify that the above statements are true to the best of my knowledge.

**SIGNATURE WITH TITLE OR RELATIONSHIP**

Your narrative must be affirmed and validated by the signature of a supervisor who is familiar with your employment experience. Your narrative will need substantially more detail than the example above.
NEBRASKA HUMAN RELATIONS TRAINING REQUIREMENT

2. **IF...**
   you have taken an educational course dealing with diversity in the classroom from a state approved teacher education institution and the course does not appear on the list of **pre-approved courses listed on pages 34-37**

   **THEN...**
   submit an official transcript, a course description and syllabus of the course for review.

3. **IF...**
   you have not completed an approved course, but have employment experiences with school age children which provided an opportunity to acquire the six Human Relations Training six skills

   **THEN...**
   verify acceptable employment experiences in which the required six skills were obtained by writing a narrative that addresses each of the **six skills (see page 38)**.

**NOTE:** A Temporary Permit, valid for **SIX MONTHS**, will be issued if this requirement has not been met.
