SCOPE OF SERVICE

The State of Nebraska, Department of Education, Office of Vocational Rehabilitation (Nebraska VR) is issuing this Request for Proposal (RFP) Number RFP-VR-TBI-2018 Z1 for the purpose of selecting a qualified Bidder to provide Traumatic Brain Injury (TBI) Network Capacity Building services. A more detailed description can be found in Section V. The resulting contract may not be an exclusive contract as the State reserves the right to contract for the same or similar services from other sources now or in the future.

The term of the contract will be one (1) year commencing upon execution of the contract by the State and the Bidder. The Contract includes the option to renew for two (2) additional one (1) year periods upon mutual agreement of the Parties. The State reserves the right to extend the period of this contract beyond the termination date when mutually agreeable to the Parties.

ALL INFORMATION PERTINENT TO THIS REQUEST FOR PROPOSAL CAN BE FOUND ON THE INTERNET AT:
https://www.education.ne.gov or http://das.nebraska.gov/materiel/purchasing.html

IMPORTANT NOTICE: Pursuant to Neb. Rev. Stat. § 84-602.04, State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting contract, the RFP, and the successful bidder's proposal or response will be posted to a public website managed by DAS, which can be found at http://statecontracts.nebraska.gov.

In addition and in furtherance of the State’s public records Statute (Neb. Rev. Stat. § 84-712 et seq.), all proposals or responses received regarding this RFP will be posted to the State Purchasing Bureau public website.

These postings will include the entire proposal or response. Bidders must request that proprietary information be excluded from the posting. The bidder must identify the proprietary information, mark the proprietary information according to state law, and submit the proprietary information in a separate container or envelope marked conspicuously in black ink with the words "PROPRIETARY INFORMATION". The bidder must submit a detailed written document showing that the release of the proprietary information would give a business advantage to named business competitor(s) and explain how the named business competitor(s) will gain an actual business advantage by disclosure of information. The mere assertion that information is proprietary or that a speculative business advantage might be gained is not sufficient. (See Attorney General Opinion No. 92068, April 27, 1992) THE BIDDER MAY NOT ASSERT THAT THE ENTIRE PROPOSAL IS PROPRIETARY. COST PROPOSALS WILL NOT BE CONSIDERED PROPRIETARY AND ARE A PUBLIC RECORD IN THE STATE OF NEBRASKA. The State will then determine, in its discretion, if the interests served by nondisclosure outweighs any public purpose served by disclosure. (See Neb. Rev. Stat. § 84-712.05(3)) The Bidder will be notified of the agency's decision. Absent a State determination that information is proprietary, the State will consider all information a public record subject to release regardless of any assertion that the information is proprietary.

If the agency determines it is required to release proprietary information, the bidder will be informed. It will be the bidder's responsibility to defend the bidder's asserted interest in non-disclosure.

To facilitate such public postings, with the exception of proprietary information, the State of Nebraska reserves a royalty-free, nonexclusive, and irrevocable right to copy, reproduce, publish, post to a website, or otherwise use any contract, proposal, or response to this RFP for any purpose, and to authorize others to use the documents. Any individual or entity awarded a contract, or who submits a proposal or response to this RFP, specifically waives any copyright or other protection the contract, proposal, or response to the RFP may have; and, acknowledges that they have the ability and authority to enter into such waiver. This reservation and waiver is a prerequisite for submitting a proposal or response to this RFP, and award of a contract. Failure to agree to the reservation and waiver will result in the proposal or response to the RFP being found non-responsive and rejected.

Any entity awarded a contract or submitting a proposal or response to the RFP agrees not to sue, file a claim, or make a demand of any kind, and will indemnify and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses, sustained or asserted against the State, arising out of, resulting from, or attributable to the posting of the contract or the proposals and responses to the RFP, awards, and other documents.

G. ETHICS IN PUBLIC CONTRACTING
The State reserves the right to reject bids, withdraw an intent to award or award, or terminate a contract if a bidder commits or has committed ethical violations, which include, but are not limited to:

1. Offering or giving, directly or indirectly, a bribe, fee, commission, compensation, gift, gratuity, or anything of value to any person or entity in an attempt to influence the bidding process;
2. Utilize the services of lobbyists, attorneys, political activists, or consultants to influence or subvert the bidding process;
3. Being considered for, presently being, or becoming debarred, suspended, ineligible, or excluded from contracting with any state or federal entity;
4. Submitting a proposal on behalf of another Party or entity; and
5. Collude with any person or entity to influence the bidding process, submit sham proposals, preclude bidding, fix pricing or costs, create an unfair advantage, subvert the bid, or prejudice the State.

The Bidder shall include this clause in any subcontract entered into for the exclusive purpose of performing this contract.

Bidder shall have an affirmative duty to report any violations of this clause by the Bidder throughout the bidding process, and throughout the term of this contract for the successful Bidder and their subcontractors.

H. DEVIATIONS FROM THE REQUEST FOR PROPOSAL
The requirements contained in the RFP become a part of the terms and conditions of the contract resulting from this RFP. Any deviations from the RFP in Sections II through VI must be clearly defined by the bidder in its proposal and, if accepted by the State, will become part of the contract. Any specifically defined deviations must not be in conflict with the basic nature of the RFP, requirements, or applicable state or federal laws or statutes. “Deviation”, for the purposes of this RFP, means any proposed changes or alterations to either the contractual language or
deliverables within the scope of this RFP. The State discourages deviations and reserves the right to reject proposed deviations.

I. SUBMISSION OF PROPOSALS
Bidders should submit one proposal marked on the first page: “ORIGINAL”. If multiple proposals are submitted, the State will retain one copy marked “ORIGINAL” and destroy the other copies. The Bidder is solely responsible for any variance between the copies submitted. Proposal responses should include the completed Form A, “Bidder Contact Sheet”. Proposals must reference the RFP number and be sent to the specified address. Please note that the address label should appear as specified in Section I B. on the face of each container or bidder’s bid response packet. If a recipient phone number is required for delivery purposes, 308-865-5012 should be used. The RFP number should be included in all correspondence.

Emphasis should be concentrated on conformance to the RFP instructions, responsiveness to requirements, completeness, and clarity of content. If the bidder’s proposal is presented in such a fashion that makes evaluation difficult or overly time consuming the State reserves the right to reject the proposal as non-conforming.

By signing the “Request for Proposal for Contractual Services” form, the bidder guarantees compliance with the provisions stated in this RFP.

The State shall not incur any liability for any costs incurred by bidders in replying to this RFP, in the demonstrations and/or oral presentations, or in any other activity related to bidding on this RFP.

The Technical and Cost Proposals Template should be presented in separate sections (loose-leaf binders are preferred) on standard 8 ½” x 11” paper, except that charts, diagrams and the like may be on fold-outs which, when folded, fit into the 8 ½” by 11” format. Pages may be consecutively numbered for the entire proposal, or may be numbered consecutively within sections. Figures and tables should be numbered consecutively within sections. Figures and tables should be numbered and referenced in the text by that number. They should be placed as close as possible to the referencing text.

J. BID PREPARATION COSTS
The State shall not incur any liability for any costs incurred by Bidders in replying to this RFP, including any activity related to bidding on this RFP.

K. FAILURE TO COMPLY WITH REQUEST FOR PROPOSAL
Violation of the terms and conditions contained in this RFP or any resultant contract, at any time before or after the award, shall be grounds for action by the State which may include, but is not limited to, the following:

1. Rejection of a bidder’s proposal;
2. Withdrawal of the Intent to Award;
3. Withdrawal of the Award;
4. Termination of the resulting contract;
5. Legal action; and
6. Suspension of the bidder from further bidding with the State for the period of time relative to the seriousness of the violation, such period to be within the sole discretion of the State.

L. BID CORRECTIONS
A bidder may correct a mistake in a bid prior to the time of opening by giving written notice to the State of intent to withdraw the bid for modification or to withdraw the bid completely. Changes in a bid after opening are acceptable only if the change is made to correct a minor error that does not affect price, quantity, quality, delivery, or contractual conditions. In case of a mathematical error in extension of price, unit price shall govern.

M. LATE PROPOSALS
Proposals received after the time and date of the proposal opening will be considered late proposals. Late proposals will be returned unopened, if requested by the bidder and at bidder’s expense. The State is not responsible for proposals that are late or lost regardless of cause or fault.

N. PROPOSAL OPENING
The opening of proposals will be public and the bidders will be announced. Proposals WILL NOT be available for viewing by those present at the proposal opening. Vendors may contact the State to schedule an appointment for viewing proposals after the Intent to Award has been posted to the website. Once proposals are opened, they become the property of the State of Nebraska and will not be returned.

O. REQUEST FOR PROPOSAL/PROPOSAL REQUIREMENTS
The proposals will first be examined to determine if all requirements listed below have been addressed and whether further evaluation is warranted. Proposals not meeting the requirements may be rejected as non-responsive. The requirements are:

1. Original Request for Proposal for Contractual Services form signed using an indelible method;
2. Clarity and responsiveness of the proposal;
3. Completed Corporate Overview;
4. Completed Sections II through VI;
5. Completed Technical Approach; and

P. EVALUATION COMMITTEE
Proposals are evaluated by members of an Evaluation Committee(s). The Evaluation Committee(s) will consist of individuals selected at the discretion of the State. Names of the members of the Evaluation Committee(s) will not be published prior to the intent to award.

Any contact, attempted contact, or attempt to influence an evaluator that is involved with this RFP may result in the rejection of this proposal and further administrative actions.

Q. EVALUATION OF PROPOSALS
All proposals that are responsive to the RFP will be evaluated. Each evaluation category will have a maximum point potential. The State will conduct a fair, impartial, and comprehensive evaluation of all proposals in accordance with the criteria set forth below. Areas that will be addressed and scored during the evaluation include:

1. Corporate Overview should include but is not limited to:
   a. the ability, capacity, and skill of the bidder to deliver and implement the system or project that meets the requirements of the RFP;
   b. the character, integrity, reputation, judgment, experience, and efficiency of the bidder;
   c. whether the bidder can perform the contract within the specified time frame;
   d. the quality of bidder performance on prior contracts;
   e. such other information that may be secured and that has a bearing on the decision to award the contract;
2. Technical Approach; and,

Neb. Rev. Stat. §73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone. When a state contract is to be awarded to the lowest responsible bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.

Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection and (ii) the management and daily business operations of the business are controlled by one or more persons described in subdivision(a) of this subsection. Any contract entered into without compliance with this section shall be null and void.

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a proposal in accordance with Neb. Rev. Stat. §73-107 and has so indicated on the RFP cover page under “Bidder must complete the following” requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the vendor within ten (10) business days of request:

1. Documentation from the United States Armed Forces confirming service;
2. Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions);
3. Disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense; and
4. Documentation which shows ownership and control of a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision...
(a) of this subsection; and the management and daily business operations of the business are controlled by one or more persons described in subdivision (a) of this subsection.

Failure to submit the requested documentation within ten (10) business days of notice will disqualify the bidder from consideration of the preference.

Evaluation criteria weighting will be released with the RFP.

R. ORAL INTERVIEWS/PRESENTATIONS AND/OR DEMONSTRATIONS

The State may determine after the completion of the Technical and Cost Proposal evaluation that oral interviews/presentations and/or demonstrations are required. Every bidder may not be given an opportunity to interview/present and/or give demonstrations; the State reserves the right, in its discretion, to select only the top scoring bidders to present/give oral interviews. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Technical and Cost Proposals. The presentation process will allow the bidders to demonstrate their proposal offering, explaining and/or clarifying any unusual or significant elements related to their proposals. Bidders' key personnel, identified in their proposal, may be requested to participate in a structured interview to determine their understanding of the requirements of this proposal, their authority and reporting relationships within their firm, and their management style and philosophy. Only representatives of the State and the presenting bidder will be permitted to attend the oral interviews/presentations and/or demonstrations. A written copy or summary of the presentation, and demonstrative information (such as briefing charts, et cetera) may be offered by the bidder, but the State reserves the right to refuse or not consider the offered materials. Bidders shall not be allowed to alter or amend their proposals.

Once the oral interviews/presentations and/or demonstrations have been completed, the State reserves the right to make an award without any further discussion with the bidders regarding the proposals received.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

S. BEST AND FINAL OFFER

If best and final offers (BAFO) are requested by the State and submitted by the bidder, they will be evaluated (using the stated BAFO criteria), scored, and ranked by the Evaluation Committee. The State reserves the right to conduct more than one Best and Final Offer. The award will then be granted to the highest scoring bidder. However, a bidder should provide its best offer in its original proposal. Bidders should not expect that the State will request a best and final offer.

T. REFERENCE AND CREDIT CHECKS

The State reserves the right to conduct and consider reference and credit checks. The State reserves the right to use third parties to conduct reference and credit checks. By submitting a proposal in response to this RFP, the bidder grants to the State the right to contact or arrange a visit in person with any or all of the bidder's clients. Reference and credit checks may be grounds to reject a proposal, withdraw an intent to award, or rescind the award of a contract.

U. AWARD

The State reserves the right to evaluate proposals and award contracts in a manner utilizing criteria selected at the State's discretion and in the State's best interest. After evaluation of the proposals, or at any point in the RFP process, the State of Nebraska may take one or more of the following actions:

1. Amend the RFP;
2. Extend the time of or establish a new proposal opening time;
3. Waive deviations or errors in the State’s RFP process and in bidder proposals that are not material, do not compromise the RFP process or a bidder’s proposal, and do not improve a bidder’s competitive position;
4. Accept or reject a portion of or all of a proposal;
5. Accept or reject all proposals;
6. Withdraw the RFP;
7. Elect to rebid the RFP;
8. Award single lines or multiple lines to one or more bidders; or,
9. Award one or more all-inclusive contracts.

The RFP does not commit the State to award a contract. Once intent to award decision has been determined, it will be posted to the Internet at: https://www.education.ne.gov and http://das.nebraska.gov/material/purchasing.html

Grievance and protest procedure is available on the Internet at: https://www.education.ne.gov and http://das.nebraska.gov/material/purchasing.html
Any protests must be filed by a bidder within ten (10) business days after the intent to award decision is posted to the Internet.
II. TERMS AND CONDITIONS

Bidders should complete Sections II through VI as part of their proposal. Bidder is expected to read the Terms and Conditions and should initial either accept, reject, or reject and provide alternative language for each clause. The bidder should also provide an explanation of why the bidder rejected the clause or rejected the clause and provided alternate language. By signing the RFP, bidder is agreeing to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the proposal. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the proposal. The State of Nebraska is soliciting proposals in response to this RFP. The State of Nebraska reserves the right to reject proposals that attempt to substitute the bidder’s commercial contracts and/or documents for this RFP.

The bidders should submit with their proposal any license, user agreement, service level agreement, or similar documents that the bidder wants incorporated in the Contract. The State will not consider incorporation of any document not submitted with the bidder’s proposal as the document will not have been included in the evaluation process. These documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties.

If a conflict or ambiguity arises after the Addendum to Contract Award have been negotiated and agreed to, the Addendum to Contract Award shall be interpreted as follows:

1. If only one Party has a particular clause then that clause shall control;
2. If both Parties have a similar clause, but the clauses do not conflict, the clauses shall be read together;
3. If both Parties have a similar clause, but the clauses conflict, the State’s clause shall control.

Notwithstanding any other provision of this contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State’s Constitution, statutes, common law, and regulation; (2) this contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this agreement must be brought in the State of Nebraska per state law; (4) the person signing this contract on behalf of the State of Nebraska does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations; (5) the indemnity, limitation of liability, remedy, and other similar provisions of the final contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final contract, including but not limited to the clauses concerning third party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

Nebraska VR and the Contractor, upon the written agreement, may make changes to the contract within the general scope of the RFP. Changes may involve specifications, the quantity of work, or such other items as Nebraska VR may find necessary or desirable. Corrections of any deliverable, service, or work required pursuant to the contract shall not be deemed a change. The Contractor may not claim forfeiture of the contract by reasons of such changes.

The Contractor shall prepare a written description of the work required due to the change and an itemized cost sheet for the change. Changes in work and the amount of compensation to be paid to the Contractor shall be determined in accordance with applicable unit prices if any, a pro-rated value, or through negotiations. Nebraska VR shall not incur a price increase for changes that should have been included in the Contractor’s proposal, were foreseeable, or result from difficulties with or failure of the Contractor’s proposal or performance.

No change shall be implemented by the Contractor until approved by Nebraska VR, and the Contract is amended to reflect the change and associated costs, if any. If there is a dispute regarding the cost, but both parties agree that immediate implementation is necessary, the change may be implemented, and cost negotiations may continue with both Parties retaining all remedies under the contract and law.

If Contractor breaches the contract or anticipates breaching the contract, the Contractor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. By granting a waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party’s discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time. In case of default of the Contractor, the State may contract the service from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

The State’s failure to make payment shall not be a breach, and the Contractor shall retain all available statutory remedies and protections.

**H. NON-WAIVER OF BREACH**
The acceptance of late performance with or without objection or reservation by a Party shall not waive any rights of the Party nor constitute a waiver of the requirement of timely performance of any obligations remaining to be performed.

I. SEVERABILITY

If any term or condition of the contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the provision held to be invalid or illegal.

J. INDEMNIFICATION

1. GENERAL
The Contractor agrees to defend, indemnify, and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials (“the indemnified parties”) from and against any and all third party claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses (“the claims”), sustained or asserted against the State for personal injury, death, or property loss or damage, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the Contractor, its employees, Subcontractors, consultants, representatives, and agents, resulting from this contract, except to the extent such Contractor liability is attenuated by any action of the State which directly and proximately contributed to the claims.

2. INTELLECTUAL PROPERTY
The Contractor agrees it will, at its sole cost and expense, defend, indemnify, and hold harmless the indemnified parties from and against any and all claims, to the extent such claims arise out of, result from, or are attributable to, the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the Contractor or its employees, Subcontractors, consultants, representatives, and agents; provided, however, the State gives the Contractor prompt notice in writing of the claim. The Contractor may not settle any infringement claim that will affect the State’s use of the Licensed Software without the State’s prior written consent, which consent may be withheld for any reason.

If a judgment or settlement is obtained or reasonably anticipated against the State’s use of any intellectual property for which the Contractor has indemnified the State, the Contractor shall, at the Contractor’s sole cost and expense, promptly modify the item or items which were determined to be infringing, acquire a

license or licenses on the State’s behalf to provide the necessary rights to the State to eliminate the infringement, or provide the State with a non-infringing substitute that provides the State the same functionality. At the State’s election, the actual or anticipated judgment may be treated as a breach of warranty by the Contractor, and the State may receive the remedies provided under this RFP.

3. PERSONNEL
The Contractor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker’s compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel, including subcontractor’s and their employees, provided by the Contractor.

4. SELF-INSURANCE
The State of Nebraska is self-insured for any loss and purchases excess insurance coverage pursuant to Neb. Rev. Stat. § 81-8,239.01 (Reissue 2008). If there is a presumed loss under the provisions of this agreement, Contractor may file a claim with the Office of Risk Management pursuant to Neb. Rev. Stat. §§ 81-8,829 – 81-8,306 for review by the State Claims Board. The State retains all rights and immunities under the State Miscellaneous (Section 81-8,294), Tort (Section 81-8,209), and Contract Claim Acts (Section 81-8,302), as outlined in Neb. Rev. Stat. § 81-8,209 et seq. and under any other provisions of law and accepts liability under this agreement to the extent provided by law.

5. ALL REMEDIES AT LAW
Nothing in this agreement shall be construed as an indemnification by one Party of the other for liabilities of a Party or third parties for property loss or damage or death or personal injury arising out of and during the performance of this lease. Any liabilities or claims for property loss or damages or for death or personal injury by a Party or its agents, employees, contractors or assigns or by third persons shall be determined according to applicable law.

6. The Parties acknowledge that Attorney General for the State of Nebraska is required by statute to represent the legal interests of the State, and that any provision of this indemnity clause is subject to the statutory authority of the Attorney General.

The contract may be terminated as follows:

1. The State and the Contractor, by mutual written agreement, may terminate the contract at any time.
2. The State, in its sole discretion, may terminate the contract for any reason upon thirty (30) calendar day’s written notice to the Contractor. Such termination shall not relieve the Contractor of warranty or other service obligations incurred under the terms of the contract. In the event of termination the Contractor shall be entitled to payment, determined on a pro rata basis, for products or services satisfactorily performed or provided.
3. The State may terminate the contract immediately for the following reasons:

V. PROJECT DESCRIPTION AND SCOPE OF WORK

A. PROJECT OVERVIEW AND METHODOLOGY

Nebraska Vocational Rehabilitation requests proposals to conduct a Traumatic Brain Injury (TBI) Network Capacity Building Project with local TBI support groups and the statewide Brain Injury Advisory Council (BIAC). The full timeline for this project is up to three (3) years. The Nebraska Department of Education (NDE), Office of Vocational Rehabilitation (VR) was awarded a Mentor State Grant from the federal Administration for Community Living (ACL) TBI State Partnership Program for fiscal years 2018 through 2021. The goal of this project is to build a united, statewide, voice-driven Network comprised of individuals with TBI, their families and caregivers who are empowered with the skills, abilities and resources to shape public policies, programs and services. Nebraska VR sponsors the BIAC, which advises NDE, VR and the Department of Health and Human Services (DHHS) on matters involving TBI and impacting individuals with TBI, their family members and caregivers. Additional information is available at the following websites:

- The FY 2018-2021 TBI grant narrative, work plan and logic model: https://braininjury.nebraska.gov/council/tbi-implementation-partnership-grant
- Nebraska VR: http://www.vr.nebraska.gov
- The BIAC: https://braininjury.nebraska.gov
- Nebraska’s TBI support groups: http://biane.org/about/supportgroups.html

Traumatic brain injury (TBI) is a serious public health problem in Nebraska. A TBI is caused by a bump, blow or jolt to the head or a penetrating head injury that disrupts the normal function of the brain. Even a mild TBI can result in permanent cognitive, physical, emotional and behavioral changes that impact daily function. Individuals with moderate to severe injuries may require life-long services and supports for housing, work and community living. Each year, over 10,000 Nebraskans of all ages are diagnosed with TBIs. Individuals with TBI, their families and caregivers report a lack of awareness regarding existing services and supports in their areas and how to access them. Those living in rural areas report limited or no access to the services and supports they need to recover, return to school or work, or to live as independently as possible, as many TBI-related services and supports do not exist or are not offered outside of urban areas. A sense of public urgency is needed to demand funding for service expansion to all areas of the state. Nebraska VR proposes to address this problem by building a statewide, voice-driven Network of people with TBI and their family members, and to engage them in shaping TBI policies and expanding programs and services.

The bidder should provide the following information in response to this RFP. Propose a guiding approach or methodology for the project scope of work that is proven to lead to sustainable outcomes. The proposed capacity-building approach or methodology should be scalable and applicable from individual to organizational levels. The bidder should demonstrate a thorough understanding of voice-driven concepts and principles. The proposed approach should lead to the strongest possible statewide voice of individuals with TBI, family members and caregivers, as evidenced by increased leadership and advocacy skill development, increased communication between and among support group leaders and members, increased Network membership numbers and an increase in involvement by individuals with TBI, family members and caregivers in a range of advocacy activities aimed at shaping policies, programs and services.

B. PROJECT ENVIRONMENT

2. The location of the project is statewide, including all Nebraska counties and communities wherein a TBI support group is currently operated, and in locations where establishing a new support group may be determined necessary and feasible to strengthen the Network.
3. The project will commence upon execution of the contract by the State and the Bidder and will end when all deliverables and expected outcomes are met to the State’s satisfaction or federal funding for the project is ended, whichever comes first.

Proposed implementation strategies and work plans should allow for cultural, racial, linguistic and geographic diversity of project participants. The bidder must agree to jointly develop and adhere to a data collection plan with the external evaluation contractor and Nebraska VR. The bidder must collaborate in all phases of project planning, implementation and quality management with Nebraska VR and the BIAC.

1. Provide individual and group technical assistance, coaching and consultation to TBI support group leaders and members to increase voice-driven leadership and public policy and systems advocacy. Include rural and urban support groups each year. It is recommended to invite participation of at least five (5) support groups in Year One (1), and five (5) additional support groups in Year Two (2), however bidders may propose other groupings and strategies.
2. Using available incidence, prevalence and other data, assess the need for and the feasibility of establishing additional support groups across the state to strengthen and expand the Network, and provide the necessary technical assistance, coaching and consultation to establish the group(s).
3. Provide any and all materials, resources and information in accessible formats or alternative languages as requested.
4. Provide tools and teach strategies to increase and empower TBI support group leader effectiveness in leading support groups and advocating for change at local, state and national levels.

6. Facilitate planning, goal alignment, collaboration and coordination among the Network members, support groups, the BIAC and other stakeholders to jointly develop an Annual TBI State Plan with goals to close the gap of unmet and insufficiently met needs of children, youth, adults and older persons with TBI and improve the statewide system of TBI services and supports.
7. Jointly develop a pre- and post-questionnaire and other data collection methods with the Nebraska VR Program Director and the TBI grant external evaluation team to measure annual changes in TBI support group leader and member leadership and advocacy skill development, outreach to individuals with TBI, families and caregivers, and building collaborative efforts among local TBI stakeholders.
8. Assist Nebraska VR and the external TBI grant evaluation team to administer the Advocacy Activity Scale (AAS) with Network members annually. Collaborate with Nebraska VR and the external evaluation team to develop a data collection plan based on the project logic model and ACL state grantee performance measurement requirements (when published).

11. At a minimum, meet with and report to the BIAC Network Capacity Building Committee and Nebraska VR quarterly.
12. Submit annual performance reports and a final report on project implementation, data collected, impact, lessons learned, deliverables met, accomplishments, challenges faced and how they were addressed, measurable outcomes, replication and sustainability of outcomes (including a list of significant partnerships or collaborations) and a list of any products created during the time period.
13. Submit electronic copies of all reports and all created reports, educational, technical assistance or training products, publications, articles, fact sheets, presentations, survey instruments, audiovisuals and other informational resources to Nebraska VR.

I. EXPECTED OUTCOMES

At project’s end, it is expected that at least ten (10) of the existing TBI support groups and any newly established support groups will comprise a statewide TBI Network, with the tools, skills and resources to communicate and collaborate in affecting changes in public policies, programs and services. TBI support group leaders will report increased meeting attendance and increased abilities to lead and facilitate their groups. Support group members and other individuals with TBI will be empowered to tell their stories and to advocate personally for their unmet and insufficiently met service and support needs. Local TBI support groups will establish a presence in their communities, building collaborations among other TBI stakeholders and affecting positive changes in public policies and services. The Network will be prepared with a sustainable, voice-driven communication plan to advocate at local, state and national levels for changes in TBI-related policies, programs and services. The Network will be empowered with skills, tools, resources and a plan to maintain and grow the Network, pursue the voice-generated Vision and convey its messages of public policy and systems advocacy. By the project’s end, individuals with TBI, family members and caregivers will report increased access to and increased satisfaction with TBI-related services and supports due to the Network’s impact on public policy, programs and services.

Anticipated measurable outcomes for the project include but are not limited to:

1. At least seven (7) of ten (10) support group leaders and fifteen (15) support group members will report increased leadership skills in support group facilitation, outreach to individuals with TBI, families and caregivers, and building collaborative efforts among local TBI stakeholders, as measured by a pre- and post-questionnaire, documentation of outreach activities and an increase in support group membership numbers compared to Year One (1) baseline numbers. The pre- and post-questionnaire will be developed in partnership with the project external evaluation team.
2. Network members will report increased advocacy activities at the local, regional, state and national level compared to Year 1 baseline levels, as measured by the Advocacy Activity Survey (AAS), and documentation of the number of advocacy and educational presentations reported each year.

3. The number of individuals with TBI and family members from rural areas joining the Network will increase by twenty percent (20%) of Year 1 baseline numbers in Years Two (2) and Three (3). Baseline Network membership numbers will be based on Year 1 support group membership numbers.

The bidder should provide the following information in response to this RFP. Describe how the proposed approach and activities will result in the above-listed expected outcomes and any additional proposed outcomes by the project’s end. Describe a feasible plan for the Network’s sustainability for a period of three (3) to seven (7) years beyond federal funding. Suggest additional post-implementation steps if expected outcomes are not feasible within the anticipated project timeframe of up to three (3) years.
