Elementary and Secondary Education Act / Every Student Succeeds Act Monitoring Guide Checklist Nebraska Department of Education

The Elementary and Secondary Education Act (ESEA) / Every Student Succeeds Act (ESSA) Monitoring Guide provides the requirements of the programs in the ESEA/ESSA Consolidated Application and other formula grants funded under this legislation. This checklist can be used by grant recipients to ensure programs are operated in compliance with the law and guidance. The Monitoring Guide will be used for on-site visits and desk-audit monitoring. All ESEA/ESSA programs are also monitored through the application and financial reporting approval processes.

Each District, ESU, and sub-recipient receiving funds from any of the ESEA/ESSA formula grants will be monitored at least once every three years with an on-site visit or desk-audit. Districts and sub-recipients with multiple programs may have their review spread over multiple years.

The proposed schedule for three years is posted on the NDE Federal Programs Webpage– under “Monitoring Schedules/Checklists/Forms Section”. At least one month prior to the visit, the district or ESU will be contacted by the NDE reviewer to arrange the details of the monitoring. **After being notified the district or ESU is to complete the appropriate sections of the Monitoring Checklist and submit to the reviewer (at least one week prior to the scheduled visit).** The form is designed to identify areas where technical assistance may be needed as well as options for documentation to support compliance with the requirements. NDE is requiring that some pieces of evidence/documentation be submitted prior to or during the monitoring visit. These items are indicated on the checklist with **grayed boxes**. For some documentation, only specified documentation will be accepted. These are indicated in **bold font** in the **grayed boxes**. All other documentation should be available for review.

Monitoring visits will include a review of documentation and a conversation with appropriate program directors and/or staff members. Depending on the programs being reviewed, this may also include nonpublic school staff, multi-district project members, parents, and representatives of other agencies. All participants to be involved in the visit will be identified during preliminary planning by the grant subrecipient and the NDE reviewer.

Following the review, the District, ESU, or other sub-recipient will have **30 days** to submit any documentation or evidence that was not available during the review as requested by the reviewer. The District will receive a written report within **90 days** if additional evidence was submitted. If a review report includes a finding of non-compliance, a plan for correcting the issue is required within **60 days** of receipt of the report and may involve a follow-up visit.
