II. PROJECT DESCRIPTION AND SCOPE OF WORK
A. PURPOSE AND BACKGROUND

In 2013, the Nebraska Legislature passed Legislative Bill (LB) 438, the Nebraska Quality Education Accountability Act. This law called for the development of a statewide accountability system to classify all schools. In response, the Nebraska Department of Education (NDE) developed A Quality Education System Today and Tomorrow (AQuESTT), a system for accountability and school support. As part of LB 438, the State Board of Education was tasked with naming and supporting three “Priority Schools,” which come from the Needs Improvement classification. With the passage of LB 1081 in 2018, the State Board of Education now has the authority to name more than three Priority Schools.
Since 2015, the NDE has been involved in work in four Priority Schools: Druid Hill Elementary, Santee Middle School, Loup County Elementary, and most recently Schuyler Central High School. In September 2017, the State Board voted to remove Druid Hill from Priority School status.

The NDE is seeking to expand its capacity by contracting with outside organizations for school improvement services that are aligned to the requested services, vendor key competencies and qualifications, and the NDE’s theory of action for school improvement.

B. SCOPE OF WORK
The NDE is requesting two distinct, but potentially related services: 1) customized and intensive supports to each Priority School, and 2) NDE and Education Service Unit (ESU) capacity building for school improvement. Submissions may indicate for one or both service requests, as well as draw explicit connections to the NDE’s six tenets of AQuESTT: 1) College; Career, and Civic Ready; 2) Assessment; 3) Educator Effectiveness; 4) Positive Partnerships and Relationships; 5) Transitions; and, 6) Educational Opportunities and Access. The vendor should provide the following information in response to this Request for Proposal.

1. Intensive Priority School Supports
The NDE is requesting information on school improvement vendor(s) to supplement the NDE services in Priority Schools. This work would include intensive, consistent interactions with Priority School district-level administrators, principals, and teachers. The vendors would lead equity-driven school improvement efforts including instructional and leadership coaching, and instructional leadership. Additional support should include policy support and school board coaching.

The NDE requests services in each school on a consistent, on-going basis and the selected proposal will include on-site visits set collaboratively with the NDE and the school, as well as methods to maintain momentum in between visits. Proposals may address one or all Priority Schools, and should take into account the potential of additional schools designated in the spring of 2020.

To support Nebraska schools in transformational school improvement, the NDE has been using the intensive school improvement framework Four Domains for Rapid School Improvement. Work with Priority Schools should align to this framework and the six tenets of AQuESTT:

Talent Development (AQuESTT: Educator Effectiveness)
- Professional development with teachers and staff. Examples may include, but are not limited to:
  - Data use and analysis
  - Formative assessment and interim assessment
  - High-leverage strategies for improvement
  - Cultural competent/proficient content and pedagogy
- Instructional coaching and modeling
- Clear performance expectations for teachers (aligned to school instructional model)

Instructional Transformation (AQuESTT: Educator Effectiveness, Leadership, College, Career, & Civic Ready, Assessment)
- Evidence-based instructional practices and instructional materials
- Standards aligned and college and career ready instruction
- Curriculum and instructional material selection consultation
- Coaching in culturally sustaining pedagogy, practices, and curriculum
- Effective use of data, and developing data literacy
- Coaching on effective intervention strategies
● Content expertise and improving core instruction

_Culture Shift_ (AQuESTT: Educational Opportunities and Access, Positive Partnerships, Relationships, & Student Success, Transitions)

- Well-rounded student services
- Implicit bias trainings and/or culturally responsive and trauma-informed practices
- Student and family engagement in learning

_Turnaround Leadership_ (AQuESTT: Leadership, Educator Effectiveness)

- Leadership coaching aligned to the Nebraska Principal Performance Frameworks and AQuESTT tenets
- Leverage district capacity to lead school improvement efforts with urgency and implement improvement practices with fidelity.
- Local board strategic planning and professional development
- Assistance in leveraging partnerships in the community
- Collaboratively developing Priority School plan goals

2. NDE and ESU Professional Development

In an effort to continuously build capacity, improve and align processes, and increase collaboration, the school improvement consultant(s) would be charged with designing and implementing a school improvement facilitator training for the NDE and ESU staff. This training would include:

- Face-to-face training to learn concepts related to school improvement including the diagnostic review, development of a progress plan, and school improvement tools.
- Shadowing of school improvement activities and creating and leading a professional learning network of school improvement facilitators
- Consultation with the NDE in building out the NDE’s school improvement strategy and aligning resources

The NDE requests services for the NDE and ESU professional development to be provided on a quarterly basis.

C. CURRENT BUSINESS PRACTICES

The NDE is seeking information from organizations with experience and proven results in equity-driven school improvement and/or turnaround. Attributes of organizations may include:

- Evidence of improving low-performing schools
- Evidence-based processes and tools to inform school improvement
- Ability to build rapport with school teams, principals, local school boards and teachers
- Establish a culture of continuous improvement.

D. DELIVERABLES

The bidder must provide the following information in response to this Request for Proposal.

- Describe how your organization or firm meets the Scope of Work above.
- Provide additional evidence that demonstrates a proven track record at improving student learning outcomes. (Quantitative evidence is required but qualitative evidence can also be submitted.)
- Explain how you would create coherence for Priority Schools around their varied school initiatives.
- Describe your school improvement theory of action and/or theory of change.
- How does your professional development work align with the evidence-based criteria under ESSA? (Must meet at least “promising” level)
• Explain your experience and success working with instructional coaches. Explain your experience and success working with district-level/central-level staff, regional service units, or third-party providers, such as mentors and external evaluators.

• Submit a total cost for all on-site and off-site work for the entire proposal, including which section of the scope of work you intend to bid on. Also, please describe the capacity and associated cost of supporting additional Priority Schools, which may be designated by the NDE.

E. **PAYMENT SCHEDULE**

The payment schedule for the project is tied to specific dates and deliverables. Invoices may be submitted by the contractor on specific dates based on the completion and acceptance of related deliverables. No invoice will be approved unless the associated deliverables have been approved. A percentage of the total contract cost may then be invoiced based on the following schedule.

The Payment Schedule will be arranged by NDE and the winning vendor.

R. DEVIATIONS FROM THE REQUEST FOR PROPOSAL
The requirements contained in the Request for Proposal become a part of the terms and conditions of the contract resulting from this Request for Proposal. Any deviations from the Request for Proposal must be clearly defined by the bidder in its proposal and, if accepted by the State, will become part of the contract. Any specifically defined deviations must not be in conflict with the basic nature of the Request for Proposal or mandatory requirements. “Deviation”, for the purposes of this RFP, means any proposed changes or alterations to either the contractual language or deliverables within the scope of this RFP. The State discourages deviations and reserves the right to reject proposed deviations.

S. GOVERNING LAW

U. **ADVERTISING**

No additional payment will be made by the State on the basis of lack of access, unless the State fails to provide access as agreed to between the State and the contractor.

X. **NOTIFICATION**
During the bid process, all communication between the State and a bidder shall be between the bidder's representative clearly noted in its proposal and the buyer noted in Section II, A. Procuring Office and Contact Person of this RFP. All notices, requests, or communications shall be deemed effective upon personal delivery or three (3) days following deposit in the mail.

2. Whenever the contractor encounters any difficulty which is delaying or threatens to delay its timely performance under the contract, the contractor shall immediately give notice thereof in writing to the State reciting all relevant information with respect thereto. Such notice shall not in any way constitute a basis for an extension of the delivery schedule or be construed as a waiver by the State of any of its rights or remedies to which it is entitled by law or equity or pursuant to the provisions of the contract. Failure to give such notice, however, may be grounds for denial of any request for an extension of the delivery schedule because of such delay.

Either party may change its address for notification purposes by giving notice of the change, and setting forth the new address and an effective date.

For the duration of the contract, all communication between contractor and the State regarding the contract shall take place between the contractor and individuals specified by the State in
writing. Communication about the contract between contractor and individuals not designated as points of contact by the State is strictly forbidden.

Y. **EARLY TERMINATION**
The contract may be terminated as follows:

1. The State and the contractor, by mutual written agreement, may terminate the contract at any time.

2. The State, in its sole discretion, may terminate the contract for any reason upon 30 days written notice to the contractor. Such termination shall not relieve the contractor of warranty or other service obligations incurred under the terms of the contract. In the event of cancellation the contractor shall be entitled to payment, determined on a pro rata basis, for products or services satisfactorily performed or provided.

3. The State may terminate the contract immediately for the following reasons:
   a. if directed to do so by statute;
   b. contractor has made an assignment for the benefit of creditors, has admitted in writing its inability to pay debts as they mature, or has ceased operating in the normal course of business;
   c. a trustee orreceiver of the contractor or of any substantial part of the contractor’s assets has been appointed by a court;
   d. fraud, misappropriation, embezzlement, malfeasance, misfeasance, or illegal conduct pertaining to performance under the contract by its contractor, its employees, officers, directors or shareholders;

   f. a voluntary petition has been filed by the contractor under any of the chapters of Title 11 of the United States Code;
   g. contractor intentionally discloses confidential information;
   h. contractor has or announces it will discontinue support of the deliverable;
   i. second or subsequent documented “vendor performance report” form deemed acceptable by the State Purchasing Bureau.

Z. **FUNDING OUT CLAUSE OR LOSS OF APPROPRIATIONS**
The State may terminate the contract, in whole or in part, in the event funding is no longer available. The State’s obligation to pay amounts due for fiscal years following the current fiscal year is contingent upon legislative appropriation of funds for the contract. Should said funds not be appropriated, the State may terminate the contract with respect to those payments for the fiscal years for which such funds are not appropriated. The State will give the contractor written notice thirty (30) days prior to the effective date of any termination, and advise the contractor of the location (address and room number) of any related equipment. All obligations of the State to make payments after the termination date will cease and all interest of the State in any related equipment will terminate. The contractor shall be entitled to receive just and equitable compensation for any authorized work which has been satisfactorily completed as of the termination date. In no event shall the contractor be paid for a loss of anticipated profit.
AA. BREACH BY CONTRACTOR
The State may terminate the contract, in whole or in part, if the contractor fails to perform its obligations under the contract in a timely and proper manner. The State may, by providing a written notice of default to the contractor, allow the contractor to cure a failure or breach of contract within a period of thirty (30) days (or longer at State’s discretion considering the gravity and nature of the default). Said notice shall be delivered by Certified Mail, Return Receipt Requested or in person with proof of delivery. Allowing the contractor time to cure a failure or breach of contract does not waive the State’s right to immediately terminate the contract for the same or different contract breach which may occur at a different time. In case of default of the contractor, the State may contract the service from other sources and hold the contractor responsible for any excess cost occasioned thereby.

BB. ASSURANCES BEFORE BREACH
If any document or deliverable required pursuant to the contract does not fulfill the requirements of the Request for Proposal/resulting contract, upon written notice from the State, the contractor shall deliver assurances in the form of additional contractor resources at no additional cost to the project in order to complete the deliverable, and to ensure that other project schedules will not be adversely affected.

CC. PENALTY
In the event that the contractor fails to perform any substantial obligation under the contract, the State may withhold all monies due and payable to the contractor, without penalty, until such failure is cured or otherwise adjudicated. Failure to meet the dates stipulated in the contract for the deliverables may result in an assessment of penalty due the State until the deliverables are approved. Contractor will be notified in writing when penalty will commence.

DD. RETAINAGE
The State will withhold 5 percent of each payment due as retainage. The entire retainage amount will be payable upon successful completion of the project. Upon completion of the project, the contractor will invoice the State for any outstanding work and for the retainage. The State may reject the final invoice by identifying the specific reasons for such rejection in writing to the contractor within 45 calendar days of receipt of the final invoice. Otherwise, the project will be deemed accepted and the State will release the final payment and retainage in accordance with the contract payment terms.

EE. FORCE MAJEUERE
Neither party shall be liable for any costs or damages resulting from its inability to perform any of its obligations under the contract due to a natural disaster, or other similar event outside the control and not the fault of the affected party ("Force Majeure Event"). A Force Majeure Event shall not constitute a breach of the contract. The party so affected shall immediately give notice to the other party of the Force Majeure Event. The State may grant relief from performance of the contract if the contractor is prevented from performance by a Force Majeure Event. The burden of proof for the need for such relief shall rest upon the contractor. To obtain release based on a Force Majeure Event, the contractor shall file a written request for such relief with the State Purchasing Bureau. Labor disputes with the impacted party’s own employees will not be considered a Force Majeure Event and will not suspend performance requirements under the contract.

FF. PROHIBITION AGAINST ADVANCE PAYMENT
Payments shall not be made until contractual deliverable(s) are received and accepted by the State.
GG. PAYMENT
State will render payment to contractor when the terms and conditions of the contract and specifications have been satisfactorily completed on the part of the contractor as solely determined by the State. Payment will be made by the responsible agency in compliance with the State of Nebraska Prompt Payment Act (See Neb. Rev. Stat. §81-2401 through 81-2408). The State may require the contractor to accept payment by electronic means such as ACH deposit. In no event shall the State be responsible or liable to pay for any services provided by the contractor prior to the Effective Date, and the contractor hereby waives any claim or cause of action for any such services. §

HH. INVOICES
Invoices for payments must be submitted by the contractor to the agency requesting the services with sufficient detail to support payment. The terms and conditions included in the contractor's invoice shall be deemed to be solely for the convenience of the parties. No terms or conditions of any such invoice shall be binding upon the State, and no action by the State, including without limitation the payment of any such invoice in whole or in part, shall be construed as binding or estopping the State with respect to any such term or condition, unless the invoice term or condition has been previously agreed to by the State as an amendment to the contract.

II. AUDIT REQUIREMENTS
All contractor books, records and documents relating to work performed or monies received under the contract shall be subject to audit at any reasonable time upon the provision of reasonable notice by the State. These records shall be maintained for a period of five (5) full years from the date of final payment, or until all issues related to an audit, litigation or other action are resolved, whichever is longer. All records shall be maintained in accordance with generally accepted accounting principles.

In addition to, and in no way in limitation of any obligation in the contract, the contractor shall agree that it will be held liable for any State audit exceptions, and shall return to the State all payments made under the contract for which an exception has been taken or which has been disallowed because of such an exception. The contractor agrees to correct immediately any material weakness or condition reported to the State in the course of an audit.

JJ. TAXES
The State is not required to pay taxes of any kind and assumes no such liability as a result of this solicitation. Any property tax payable on the contractor's equipment which may be installed in a state-owned facility is the responsibility of the contractor.

KK. INSPECTION AND APPROVAL
Final inspection and approval of all work required under the contract shall be performed by the designated State officials. The State and/or its authorized representatives shall have the right to enter any premises where the contractor or subcontractor duties under the contract are being performed, and to inspect, monitor or otherwise evaluate the work being performed. All inspections and evaluations shall be at reasonable times and in a manner that will not unreasonably delay work.

LL. CHANGES IN SCOPE/CHANGE ORDERS
The State may, at any time with written notice to the contractor, make changes within the general scope of the contract. Changes in scope shall only be conducted with the written approval of the State's designee as so defined by the State from time to time. (The State retains the right to employ the services of a third party to perform any change order(s)).
The State may, at any time work is in progress, by written order, make alterations in the terms of work as shown in the specifications, require the performance of extra work, decrease the quantity of work, or make such other changes as the State may find necessary or desirable. The contractor shall not claim forfeiture of contract by reasons of such changes by the State. Changes in work and the amount of compensation to be paid to the contractor for any extra work so ordered shall be determined in accordance with the applicable unit prices of the contractor’s proposal.

Corrections of any deliverable services or performance of work required pursuant to the contract shall not be deemed a modification requiring a change order.

**MM. SEVERABILITY**

If any term or condition of the contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the particular provision held to be invalid.

**NN. CONFIDENTIALITY**

All materials and information provided by the State or acquired by the contractor on behalf of the State shall be regarded as confidential information. All materials and information provided by the State or acquired by the contractor on behalf of the State shall be handled in accordance with Federal and State Law, and ethical standards. The contractor must ensure the confidentiality of such materials or information. Should said confidentiality be breached by a contractor; contractor shall notify the State immediately of said breach and take immediate corrective action.

It is incumbent upon the contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a (i)(1), which is made applicable to contractors by 5 U.S.C. 552a (m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than $5,000.

**OO. PROPRIETARY INFORMATION**

Data contained in the proposal and all documentation provided therein, become the property of the State of Nebraska and the data becomes public information upon opening the proposal. If the bidder wishes to have any information withheld from the public, such information must fall within the definition of proprietary information contained within Nebraska’s public record statutes. All proprietary information the bidder wishes the State to withhold must be submitted in a sealed package, which is separate from the remainder of the proposal. The separate package must be clearly marked PROPRIETARY on the outside of the package. Bidders may not mark their entire Request for Proposal as proprietary. Bidder’s cost proposals may not be marked as proprietary information. Failure of the bidder to follow the instructions for submitting proprietary and copyrighted information may result in the information being viewed by other bidders and the public. Proprietary information is defined as trade secrets, academic and scientific research work which is in progress and unpublished, and other information which if released would give advantage to business competitors and serve no public purpose (see Neb. Rev. Stat. §84-712.05(3)). In accordance with Attorney General Opinions 92068 and 97033,
bidders submitting information as proprietary may be required to prove specific, named competitor(s) who would be advantaged by release of the information and the specific advantage the competitor(s) would receive. Although every effort will be made to withhold information that is properly submitted as proprietary and meets the State's definition of proprietary information, the State is under no obligation to maintain the confidentiality of proprietary information and accepts no liability for the release of such information.

**PP. CERTIFICATION OF INDEPENDENT PRICE DETERMINATION/COLLUSIVE BIDDING**

By submission of this proposal, the bidder certifies, that he or she is the party making the foregoing proposal that the proposal is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the proposal is genuine and not collusive or sham; that the bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham proposal, and has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham proposal, or that anyone shall refrain from bidding; that the bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the proposal price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the proposal price, or of that of any other bidder, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract; that all statements contained in the proposal are true; and further that the bidder has not, directly or indirectly, submitted his or her proposal price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, proposal depository, or to any member or agent thereof to effectuate a collusive or sham proposal.

**QQ. PRICES**

All prices, costs, terms and conditions outlined in the proposal shall remain fixed and valid commencing on the opening date of the proposal until an award is made (and for bidder receiving award prices shall remain as bid for the duration of the contract unless otherwise so stated in the contract) or the Request for Proposal is cancelled.

Contractor represents and warrants that all prices for services, now or subsequently specified are as low as and no higher than prices which the contractor has charged or intends to charge customers other than the State for the same or similar products and services of the same or equivalent quantity and quality for delivery or performance during the same periods of time. If, during the term of the contract, the contractor shall reduce any and/or all prices charged to any customers other than the State for the same or similar products or services specified herein, the contractor shall make an equal or equivalent reduction in corresponding prices for said specified products or services.

Contractor also represents and warrants that all prices set forth in the contract and all prices in addition, which the contractor may charge under the terms of the contract, do not and will not violate any existing federal, state or municipal law or regulations concerning price discrimination and/or price fixing. Contractor agrees to hold the State harmless from any such violation. Prices quoted shall not be subject to increase throughout the contract period unless specifically allowed by these specifications.

**RR. BEST AND FINAL OFFER**

The State will compile the final scores for all parts of each proposal. The award may be granted to the highest scoring responsive and responsible bidder. Alternatively, the highest scoring bidder or bidders may be requested to submit best and final offers. If best and final offers are requested by the State and submitted by the bidder, they will be evaluated (using the stated
criteria), scored and ranked by the Evaluation Committee. The award will then be granted to the highest scoring bidder. However, a bidder should provide its best offer in its original proposal. Bidders should not expect that the State will request a best and final offer.

**SS. ETHICS IN PUBLIC CONTRACTING**

No bidder shall pay or offer to pay, either directly or indirectly, any fee, commission compensation, gift, gratuity, or anything of value to any State officer, legislator or employee based on the understanding that the receiving person’s vote, actions or judgment will be influenced thereby. No bidder shall give any item of value to any employee of the State Purchasing Bureau.

Bidders shall be prohibited from utilizing the services of lobbyists, attorneys, political activists, or consultants to secure the contract. It is the intent of this provision to assure that the prohibition of state contact during the procurement process is not subverted through the use of lobbyists, attorneys, political activists, or consultants. It is the intent of the State that the process of evaluation of proposals and award of the contract be completed without external influence. It is not the intent of this section to prohibit bidders from seeking professional advice, for example consulting legal counsel, regarding terms and conditions of this Request for Proposal or the format or content of their proposal.

If the bidder is found to be in non-compliance with this section of the Request for Proposal, they may forfeit the contract if awarded to them or be disqualified from the selection process.

**TT. INDEMNIFICATION**

1. **GENERAL**

The contractor agrees to defend, indemnify, hold, and save harmless the State and its employees, volunteers, agents, and its elected and appointed officials (“the indemnified parties”) from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses (“the claims”), sustained or asserted against the State, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the contractor, its employees, subcontractors, consultants, representatives, and agents, except to the extent such contractor liability is attenuated by any action of the State which directly and proximately contributed to the claims.

2. **INTELLECTUAL PROPERTY**

The contractor agrees it will at its sole cost and expense, defend, indemnify, and hold harmless the indemnified parties from and against any and all claims, to the extent such claims arise out of, result from, or are attributable to the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the contractor or its employees, subcontractors, consultants, representatives, and agents; provided, however, the State gives the contractor prompt notice in writing of the claim. The contractor may not settle any infringement claim that will affect the State’s use of the Licensed Software without the State’s prior written consent, which consent may be withheld for any reason.

If a judgment or settlement is obtained or reasonably anticipated against the State’s use of any intellectual property for which the contractor has indemnified the State, the contractor shall at the contractor’s sole cost and expense promptly modify the item or items which were determined to be infringing, acquire a license or licenses on the State’s
behalf to provide the necessary rights to the State to eliminate the infringement, or provide the State with a non-infringing substitute that provides the State the same functionality. At the State’s election, the actual or anticipated judgment may be treated as a breach of warranty by the contractor, and the State may receive the remedies provided under this RFP.

3. PERSONNEL
The contractor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker’s compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel provided by the contractor.

UU. NEBRASKA TECHNOLOGY ACCESS STANDARDS
Contractor shall review the Nebraska Technology Access Standards, found at http://www.nitc.state.ne.us/standards/accessibility and ensure that products and/or services provided under the contract comply with the applicable standards. In the event such standards change during the contractor’s performance, the State may create an amendment to the contract to request that contract comply with the changed standard at a cost mutually acceptable to the parties.

VV. ANTITRUST
The contractor hereby assigns to the State any and all claims for overcharges as to goods and/or services provided in connection with this contract resulting from antitrust violations which arise under antitrust laws of the United States and the antitrust laws of the State.

WW. DISASTER RECOVERY/BACK UP PLAN
The contractor shall have a disaster recovery and back-up plan, of which a copy should be provided to the State, which includes, but is not limited to equipment, personnel, facilities, and transportation, in order to continue services as specified under these specifications in the event of a disaster.

XX. TIME IS OF THE ESSENCE
Time is of the essence in this contract. The acceptance of late performance with or without objection or reservation by the State shall not waive any rights of the State nor constitute a waiver of the requirement of timely performance of any obligations on the part of the contractor remaining to be performed.

YY. RECYCLING
Preference will be given to items which are manufactured or produced from recycled material or which can be readily reused or recycled after their normal use as per state statute (Neb. Rev. Stat. §81-15, 159).

ZZ. DRUG POLICY
Contractor certifies it maintains a drug free work place environment to ensure worker safety and workplace integrity. Contractor agrees to provide a copy of its drug free workplace policy at any time upon request by the State.

AAA. NEW EMPLOYEE WORK ELIGIBILITY STATUS
The Contractor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an
equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of a newly hired employee.

If the Contractor is an individual or sole proprietorship, the following applies:

1. The Contractor must complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at www.das.state.ne.us.

2. If the Contractor indicates on such attestation form that he or she is a qualified alien, the Contractor agrees to provide the US Citizenship and Immigration Services documentation required to verify the Contractor’s lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program.

3. The Contractor understands and agrees that lawful presence in the United States is required and the Contractor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. §4-108.

BBB. CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND INELIGIBILITY

The contractor, by signature to this RFP, certifies that the contractor is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any federal department or agency from participating in transactions (debarred). The contractor also agrees to include the above requirements in any and all subcontracts into which it enters. The contractor shall immediately notify the Department if, during the term of this contract, contractor becomes debarred. The Department may immediately terminate this contract by providing contractor written notice if contractor becomes debarred during the term of this contract.
