2017-2018 NSSRS Post School Survey Upload – OPEN: May 2 – DUE DATE: June 15

AUDIT WINDOW CLOSE DATE: June 30

Contact: NDE Helpdesk (ADVISERHelp@nebraskacloud.org or 888-285-0556)

Public Schools Only

The 2017-2018 Post School Survey collection is a standalone collection for this year only. The collection can be found in the NDE Portal under the Data Collections tab. An activation code is required to add the collection to an NDE Portal account. This collection replaces the file upload process that was previously submitted in the NSSRS Data Manager.

Districts will use the same file format that has been used in past years and upload that file in this collection. The Post School Survey template is submitted during the 2018-2019 School Year for the 2017-2018 Career Education Concentrator graduates. The report of the students that should be included in this template is located in the NSSRS Validations for 2017-2018. The report that includes the students to be reported is located in the Verification Reports, change the date to 2018-06-30, Student, Career Education section; **Post School Survey – Completers with Diploma.**

UPDATE: Most school districts have been uploaded if they have submitted files. Please check the reports in NSSRS Validation, Student, Career Education, Post Graduate Activity; **Students Missing Post Graduate Activity.**

To comply with the accountability requirements of the Carl D. Perkins Career and Technical Education Improvement Act, states will need to report on the secondary and postsecondary placement outcomes of all graduates concentrating in a career and technical education (CTE) program area. This Post School survey is how Nebraska acquires the data to report for our state.

NSSRS Validation Staff Verification Report

Teachers Assigned Out of Endorsed Area or Level

Contact: NDE Helpdesk (ADVISERHelp@nebraskacloud.org or 888-285-0556)

The **Teachers Assigned Out Of Endorsed Area or Level** report is now available for 2018-2019 in NSSRS Validation on the NDE Portal.

For public districts this report is built nightly from ADVISER course sections and grades data. Please note that if you are publishing the "Evaluator 1 Staff ID" data element to override the Staff ID of the primary teacher on a course, that data element is not submitted to ADVISER until your "Final" type course grades have been published. The course section and grades data published to ADVISER can be reviewed using the verification reports within the ADVISER Validation website.

UPDATE: For nonpublic systems, this report is using the data reported to NDE on the Nonpublic Curriculum and looking at the teacher's endorsements from their certificate.

CTE Participant Data Now Available in ADVISER

Contact: NDE Helpdesk (ADVISERHelp@nebraskacloud.org)

Public and Special Purpose Schools Only

Career and Technical Education Participant data in ADVISER is now being automatically derived from the course data submitted for the 2018-2019 school year. This data can now be found in the ADVISER Validation website in the Student Lookup By ID, Programs Lookup, and the Career Ed Verification report.

This derived data will be rebuilt nightly based on the state course code of the sections that students are enrolled in, and it will be combined with any CTE Participant program data that was submitted by a district manually through their SIS. **Reminder – districts must still submit CTE program data for Concentrators from their SIS in 2018-2019, this data is not automatically derived.**
