Continuity of Learning!

The Nebraska Council of School Administrators (NCSA) in cooperation with the Nebraska Department of Education (NDE) are committed to assisting school communities during public health emergencies. Local school systems should be developing plans to support the "continuity of learning" in an alternate learning environment.

Continuity of learning is the continuation of education during a prolonged school closure or student absence. These plans are critical during this time as they outline specific actions that support the continuation of teaching and learning for all students despite the interruption of normal school operations.

Educational opportunities provided to all students during a closure must include the provision of special education and related services as directed per individual education plans. This requirement ensures students with and without disabilities are treated equitably. In such a time of uncertainty, schools should be making reasonable efforts to provide for student needs.

JOIN US on Monday to network and learn together in providing what Nebraska is known for, providing the best educational opportunities for ALL learners.

Monday, March 23, 2020

Time: 1:00 - 2:30 pm (CT)

To join by Computer: <https://zoom.us/j/129439693>

To join by Phone: 1-346-248-7799

Meeting ID: 129 439 693
