CAIRN Guidance:

A variety of webinar recordings around Health Education are located on their YouTube channel. https://www.youtube.com/channel/UCTF_3Pr7ZeSZJUilgoimPg

The resources accompanying the recordings can be found here:

<http://www.cairnguidance.com/blog/2020/4/skills-based-health-ed-webinar-series-documents-recordings-and-more>

Alliance for a Healthier Generation:

Offer a variety of webinars and courses around Health, PE and self-care. See their on-demand trainings here: <https://www.healthiergeneration.org/resources/trainings>

Advocates for Youth:

Virtual PD is a simulated classroom where teachers can practice teaching student avatars using short scenarios and support from an instructional coach, so they can quickly learn and master the skills they most need to be effective. With upper elementary, middle and high school classrooms, Virtual PD has scenarios for teachers of all grade levels across a wide range of topics.

<https://advocatesforyouth.org/virtualpd/>

SHAPE America:

A variety of webinars and online courses for Health and Physical Education.

<https://www.shapeamerica.org/prodev/webinars/default.aspx#BY4Y>

CASEL:

Free weekly webinars are offered as well as access to recordings from past webinars

<https://casel.org/weekly-webinars/>

CATCH Health @ Home & Restart Smart Virtual Trainings:

CATCH Global Foundation created CATCH@Home to provide free and easy access to several of CATCH's evidence-based health, nutrition, physical education, and vaping prevention materials. Following the spring 2020 COVID-19 school closures, CATCH is pleased to offer our new Restart Smart Virtual Educator Trainings, providing guidance for K-8 educators on best practices related to conducting health education in both virtual and socially-distant in-school environments.
