Instructions for SFAs and sponsors doing single-day meal service/distribution:

- Mark each meal as it is served.
- Use additional meal count sheets as necessary to accurately record each meal as it is given to a child.
- Section 3 is used only if multiple days of breakfast/lunch meals are provided in one pickup/delivery.

Instructions for SFAs and sponsors using multiple-day meal service/distribution:

- Mark each package of meals as they are served/distributed.
- Record the number of meals each package contains in box A of Section 3; record the number of meal packages from Section 2 in box B of Section 3; multiply the two values to determine the total number of meals served in box C of Section 3.
  - o For example, 5 days of breakfast and lunch meals x 20 students = 100 meals for breakfast and 100 meals for lunch.
- Use a separate meal count sheet for each meal type (i.e. one meal count sheet for breakfast and a different meal count sheet for lunch).
- Use additional meal count sheets as necessary to accurately record each meal as it is given to a child.
