Section I. 2021/22 State Aid Component Descriptions & Concept Summary

2021/22 Calculated State Aid to Nebraska's Public Schools:

Consists of one or a combination of the following items:

- Allocated Income Tax Funds
- Equalization Aid
- Community Achievement Plan Aid
- Net Option Funding
- Prior Year Correction

Nebraska Equalization Aid Formula Concept:

Calculated Needs - Calculated Resources = State Equalization Aid

SYSTEM FORMULA NEED

Is the sum of:

Basic Funding + Poverty Allowance + Limited English Proficiency Allowance + Focus School & Program Allowance + Summer School Allowance + Special Receipts Allowance + Transportation Allowance + Elementary Site Allowance + Distance Education & Telecommunications Allowance + Community Achievement Plan Allowance + Non-Qualified Limited English Proficiency Adjustment + System Averaging Adjustment + New School Adjustment + Student Growth Adjustment + Limited English Proficiency Allowance Correction + Poverty Allowance Correction + Student Growth Adjustment Correction

System Formula Need may be adjusted by Formula Needs Stabilization:

Needs Stabilization keeps the 2021/22 formula need between 100% and 112% of the previous year's end recalculated formula need, except the formula need for districts receiving a student growth adjustment is not decreased.

FORMULA STUDENTS

- Students educated by the district and students for which the district pays tuition.
- The Fall Membership count adjusted by the average ratio of ADM to Fall Membership from three prior years for the certification of State Aid and ADM for the final calculation of State Aid.
- Students in Qualified Early Childhood Programs multiplied by the ratio of planned instructional hours of the program divided by 1,032 then multiplied by 0.6.

GENERAL FUND OPERATING EXPENDITURES

- Each district's General Fund Operating Expenditures for the most recently available complete data year. (See listing on page 9)

ADJUSTED GENERAL FUND OPERATING EXPENDITURES

- General Fund Operating Expenditures multiplied by the cost growth factor (1.05) minus Allowances (Transportation Allowance + Special Receipts Allowance + Poverty Allowance + Limited English Proficiency Allowance + Distance Education & Telecommunications Allowance + Elementary Site Allowance + Summer School Allowance + Focus School & Program Allowance + Community Achievement Plan Allowance + Non-Qualified Limited English Proficiency Adjustment

BASIC FUNDING

- A comparison group is established for each District consisting of the 10 larger districts that are closest in size to the District and the 10 smaller districts that are closest in size to the District, as measured by formula students.
- School Districts with less than 900 formula students:
Basic Funding = Average of adjusted general fund operating expenditures for each District in the comparison group excluding both the Districts with the two highest adjusted general fund operating expenditures and the Districts with the two lowest adjusted general fund operating expenditures in the comparison group.
- School Districts with 900 or more formula students:
Basic Funding = District formula students multiplied by average of adjusted general fund operating expenditures per formula student excluding both the Districts with two the highest adjusted general fund operating expenditures per formula student and the Districts with the two lowest adjusted general fund operating expenditures per formula student in the comparison group.

POVERTY ALLOWANCE

The Poverty Allowance is the lesser of:

- The amount the District designates they will spend on poverty for the 2021/22 school year.
- The sum of the statewide average general fund operating expenditures per student multiplied by graduated percentages then multiplied by student weightings based on free lunch/milk students or students under 19 or residing in homes with adjusted gross income in 2019 tax year and 2019/20 school year equal to or less than the maximum household income that would allow a student to be a free lunch or free milk student during the 2019/20 school year.

LIMITED ENGLISH PROFICIENCY (LEP) ALLOWANCE

The Limited English Proficiency Allowance is the lesser of:

- The amount the District designates they will spend on students with limited English proficiency for the 2021/22 school year.
- 25% of the statewide average general fund operating expenditures per student multiplied by the number of limited English proficiency students.

FOCUS SCHOOL & PROGRAM ALLOWANCE - (Only Applies to school districts in a Learning Community)

- 1st Year - Ten percent of the statewide average general fund operating expenditures per formula student (1,132.68) multiplied by the number of students participating in a focus school or program.
- 2nd Year – Ten percent of the statewide average general fund operating expenditures per formula student (1,132.68) multiplied by [(fall membership participating in focus school X 2) – estimated number of students used in prior year calculation].
- 3rd Year – Ten percent of the statewide average general fund operating expenditure per formula student (1,132.68) multiplied by fall membership participating in focus school.

SUMMER SCHOOL ALLOWANCE

The lesser of:

- Actual summer school expenditures
- 85% percent of the statewide average general fund operating expenditures per formula student (9,893.81) multiplied by 2.5% of the summer school student units.

SPECIAL RECEIPTS ALLOWANCE

- District specific special receipts including special education, state ward and accelerated or differentiated curriculum program receipts reported on the Annual Financial Report and receipts from the Medicare Catastrophic Coverage Act of 1988 (MIPS), to the extent the district would have received payment pursuant to the Special Education Act (from DHHS records).
- Each district's special education receipts for the most recently available complete data year.

TRANSPORTATION ALLOWANCE

The lesser of:

- Actual specific transportation costs for both regular and special education
- A calculated amount based on the miles transported, both regular and special education (excluding activities) plus in lieu of transportation for the most recently available complete data year.

ELEMENTARY SITE ALLOWANCE

- Five hundred percent of the statewide average general fund operating expenditures per formula student (58,198.85) multiplied by the number of students per qualified building divided by eight (rounded up to a whole number). If the whole number is greater than the number of elementary site grades, the whole number is equal to the number of elementary site grades.

DISTANCE EDUCATION AND TELECOMMUNICATIONS ALLOWANCE (DETA)

- Eighty-five percent of district's actual distance education and telecommunication costs reported on the Annual Financial Report minus receipts from Federal Universal Service Fee Fund (E-Rate).

COMMUNITY ACHIEVEMENT PLAN ALLOWANCE – (Only Applies to school districts in a Learning Community)

- District participants will receive an allowance equal to the aid. An approved plan shall remain in effect for three years except as revised with the approval of the state board. Reports are required on the success of the plan, evaluation results, and proposed revisions by December 1 immediately following the completion of the first two years of implementation and every three years thereafter.

SYSTEM AVERAGING ADJUSTMENT

- System Averaging Adjustment is calculated for any district with more than 900 formula students and a lower basic funding per formula student than the average basic funding per formula student for all districts with 900 or more formula students (9,214.00).

TWO-YEAR NEW SCHOOL ADJUSTMENT

- The first year new school adjustment for each approved district is equal to the district's basic funding per formula student multiplied by twenty percent of the approved estimated additional student capacity. The second year new school year adjustment for each approved district is equal to the school district's basic funding per formula student multiplied by ten percent of the approved estimated additional student capacity.

STUDENT GROWTH ADJUSTMENT

- The district's basic funding per formula student is multiplied by the approved student growth minus the greater of twenty five students or one percent of fall membership. That amount is then added to fifty percent of the district's basic funding per formula student multiplied by the greater of twenty five students or one percent of the fall membership.

STUDENT GROWTH ADJUSTMENT CORRECTION

- Two years following the certification for the estimated student growth a Student Growth Adjustment Correction will be calculated to adjust the estimated growth to the actual growth. The district's actual growth is compared to their estimated growth. The difference is multiplied by the districts recalculated basic funding per formula student.
- *The absolute value of negative correction shall not exceed the original adjustment.*

POVERTY CORRECTION

- Correction is equal to the poverty allowance minus eighty-five percent of the poverty allowance expenditures if expenditures do not equal at least 117.65% of the Poverty allowance for the most recently available complete data year. Any correction calculated pursuant to this requirement shall be added to any poverty correction calculated pursuant to requirements above to arrive at the total poverty correction.

LIMITED ENGLISH PROFICIENCY (LEP) CORRECTION

- The LEP Correction is equal to the LEP allowance minus eighty-five percent of the LEP allowance expenditures if expenditures do not equal at least 117.65% of the LEP allowance for the most recently available complete data year

NON QUALIFYING LIMITED ENGLISH PROFICIENCY (LEP) ADJUSTMENT

- If the LEP allowance expenditures do not equal 50% or more of the allowance for school fiscal year, the school district shall be disqualified from receiving an LEP allowance for the school fiscal year for which aid is being calculated.

FORMULA RESOURCES

The sum of the Yield from Local Effort Rate (a calculated measure of Local Property Resources) + Net Option Funding + Allocated Income Tax Funds + Other Receipts Actually Received by the District + Community Achievement Plan Aid

YIELD FROM LOCAL EFFORT RATE – (LOCAL PROPERTY RESOURCES)

- Adjusted Valuation divided by 100 multiplied by the Local Effort Rate of \$1.00. Each district's adjusted valuation for tax year 2020 is provided by the Property Tax Administrator (certified October 2020). Real property was adjusted to 96% of actual value and agricultural land was adjusted to 72% of actual value.

NET OPTION FUNDING

- For each district, the students opting out are subtracted from the students opting in at each grade level (K-12). The positive net number of students are then multiplied by 100% of the statewide average Basic Funding per formula student (10,397.20).
- The total for the district cannot be less than zero.
- Since option students are included in the ADM counts of students used to determine a Local System's Needs, the inclusion of the amount as a Resource prevents a Local System which generates Equalization Aid from receiving both Equalization Aid and Net Option Funding based on the impact the students have on Needs.

ALLOCATED INCOME TAX FUNDS (MEASURE OF LOCAL INCOME)

- The Allocated Income Tax Funds provide a mechanism through which the income tax base of the local system is included in the Resources of the Local System. Therefore, the distribution of Equalization Aid responds to the income tax base as well as the potential property tax base of the Local System.
- Two and twenty-three hundredths' percent of the Nebraska income tax liability of residents of the Local System is provided to the Local System as Allocated Income Tax Funds. The income tax liability information is provided by the Department of Revenue based on data submitted on Nebraska income tax forms. (The Nebraska Income Tax Form requests each filer to indicate the high school district in which they reside.)
- The 2021/22 State Aid calculation incorporates Allocated Income Tax Funds based on the 2019 Income Tax year.

OTHER RECEIPTS ACTUALLY RECEIVED BY THE DISTRICT

- Other Actual Receipts are taken primarily from the Annual Financial Report submitted by each district. Receipt information related to the Medicare Catastrophic Coverage Act of 1988 and Impact Aid, if applicable, are taken from other source documents on file with the Department of Education. Other Actual Receipts include various local, state, and non-categorical federal receipts.
- As Reported on the Annual Financial Report; see page 17 of this document for a complete listing:
 - ❖ Examples:
 - √ Fines and License Fees
 - √ Interest
 - √ Special Education School Age
 - √ Pro-Rate Motor Vehicle

COMMUNITY ACHIEVEMENT PLAN AID – (Only Applies to school districts in a Learning Community)

- The districts in the Learning Community who are participating in the community achievement plan will also receive a community achievement plan aid. Members must participate in the plan as part of their accreditation under Rule 10
- The Community Achievement Plan Allowance for each learning community member shall equal 0.4643% of the product of the statewide average general fund operating expenses per formula student multiplied by the total learning community formula students. Distribution to leaning community members is based on 2% of the Poverty/LEP allowances calculated and 3% of the statewide average general fund operating expenditures per formula student for the poverty students exceeding 40% of the formula students (3% of the product of the statewide average general fund operating expenditures per formula student by the difference of poverty students minus 40% of the formula students for such a learning community school district). Counted as a formula resource.

- An approved plan shall remain in effect for three years except as revised with the approval of the state board. The learning community shall submit a report on the success of the plan, evaluation results, and proposed revisions by December 1 immediately following the completion of the first two years of implementation and every three years thereafter.
- For community achievement plans to be implemented beginning with school year 2018-19 and on or before January 1 immediately preceding the school year when the plan or plan renewal will be implemented. The student achievement coordinator or other department staff designated by the commissioner shall return the plan or plan renewal with any suggestions or comments on or before the immediately following February 15 to allow the plan to be revised prior to submission on or before March 15 for final approval by the state board at the state board's April meeting. If the state board rejects a plan or plan renewal, the reasons for the rejection shall be included with the notice of rejection and an opportunity shall be provided to revise the plan or plan renewal and for participating collaborators to appear before the board prior to a reconsideration of approval.

EQUALIZATION AID

- The amount that the total formula needs exceed total formula resources.

ADDITIONAL COMPONENTS OF STATE AID

2021/22 STATE AID FUNDING

- On or before March 1, 2021, the Department must determine the amounts to be distributed to each Local System pursuant to the Tax Equity and Educational Opportunities Support Act based on \$1.00 Local Effort Rate.

Section II. 2021/22 State Aid Calculation Codes & Data Sources

SYSTEM FORMULA NEED

Is the sum of:

Basic Funding + Poverty Allowance + Limited English Proficiency Allowance + Focus School & Program Allowance + Summer School Allowance + Special Receipts Allowance + Transportation Allowance + Elementary Site Allowance + Distance Education & Telecommunications Allowance + System Averaging Adjustment + New School Adjustment + Student Growth Adjustment + Community Achievement Plan Allowance + Non-Qualified Limited English Proficiency Adjustment + Limited English Proficiency Allowance Correction + Poverty Allowance Correction + Student Growth Adjustment Correction

System Formula Need may be adjusted by Formula Needs Stabilization:

2021/22 District Formula Need that is less than 100% of 2020/21 Year End Recalculated Formula Need is increased to 100% of 2020/21 Year End Recalculated Formula Need.

AND

2021/22 District Formula Need that is greater than 112% of 2020/21 Year End Recalculated Formula Need is decreased to 112% of 2020/21 Year End Recalculated Formula Need, except that the Formula Need for Districts receiving a student growth adjustment is not decreased.

Year End Recalculated Formula Needs are the needs as calculated after the data is calculated a second time with updated data including average daily membership data rather than the Fall Membership count and corrections that have been made to district data since the first calculation.

FORMULA STUDENTS

- Students educated by the district and students for which tuition is paid.

DATA SOURCES: As defined for the March 1, 2021 Certification of 2021/22 State Aid:

- √ Fall Membership in Qualified Early Childhood Programs, in grades Kindergarten (KDG = programs under 1,032 instructional hours multiplied by .5); Full-Day Kindergarten (FDK) – 12 grade from the 2020/21 ADVISER October 1, Fall Membership count.
- √ The Fall Membership is adjusted based on the historical ratio of Average Daily Membership (ADM) to Fall Membership using the ratios from 2017/18, 2018/19 and 2019/20.
- √ 4-year-olds in Qualified Early Childhood Fall Membership is multiplied by the ratio of the planned instructional hours of the program divided by 1032 then multiplied by .6.

√ K-12 Contracted Out Students in grades KDG; FDK -12 grade are taken from the 2020/21 ADVISER October 1, Fall Membership count.

DATA SOURCES: As defined for the year-end recalculation of 2021/22 State Aid:

ADJUSTED GENERAL FUND OPERATING EXPENDITURES

(General Fund Operating Expenditures X 1.05) – (Transportation Allowance + Special Receipts Allowance + Poverty Allowance + Limited English Proficiency Allowance + Distance Education & Telecommunications Allowance + Elementary Site Allowance + Summer School Allowance + Focus School & Program Allowance + Community Achievement Plan Allowance + Non-Qualified Limited English Proficiency Adjustment)

COST GROWTH FACTOR

For school fiscal year 2021/22, the cost growth factor shall equal the sum of: (1) the basic allowable growth rate 2.5% for the school fiscal year in which the aid is to be distributed; plus (2) the basic allowable growth rate 2.5% for the school fiscal year immediately preceding the school fiscal year in which the aid is to be distributed.

BASIC FUNDING

A comparison group is established for each District consisting of:

- (i) The 10 larger districts that are closest in size to the District, measured by formula students, and
- (ii) The 10 smaller districts that are closest in size to the District, measured by formula students

- If there are not 10 Districts that are larger than the District for which basic funding is being calculated or if there are not 10 Districts that are smaller than the District, the comparison group would consist of only as many districts as fit the criteria.
- If more than 1 District has exactly the same number of formula students as the largest or smallest District in the comparison group, all of the Districts with exactly the same number of formula students as the largest or smallest Districts in the comparison group shall be included in the comparison group.
- If 1 or more Districts have exactly the same number of formula students as the District for which basic funding is being calculated, all such Districts would be included in the comparison group in addition to the 10 larger and the 10 smaller Districts.
- The comparison group remains the same for the final recalculation of State Aid.
- School Districts with less than 900 formula students;
Basic Funding = Average of Adjusted General Fund Operating Expenditures for each District in the comparison group excluding both the Districts with the two highest Adjusted General Fund Operating Expenditures and the Districts with the two lowest Adjusted General Fund Operating Expenditures in the comparison group.
- School Districts with 900 or more formula students;
Basic Funding = District formula students X Average Adjusted General Fund Operating Expenditures per formula student excluding both the Districts with the two highest Adjusted General Fund Operating Expenditures per formula student and the Districts with the two lowest Adjusted General Fund Operating Expenditures per formula student.

POVERTY ALLOWANCE

Poverty Student = number of low income students or the number of students who are free lunch and free milk students whichever is greater + (poverty students – 3 year average of poverty students) if greater than 0.

Low Income Students = number of low income children within the local system X ratio of formula students/total children under 19.

Low Income Child = a child under 19 living in a household having an annual adjusted gross income in 2019 tax year 2019/20 school year equal to or less than the maximum household income for a household of that size that would have allowed the child to meet the income qualifications to be a free lunch and free milk student during the 2019/20 school year.

2021/22 Statewide Average General Fund Operating Expenditures per Formula Student = 11,326.79

The lesser of: Maximum Poverty Allowance designated by the school district OR

 7. All grades designated as elementary grades shall be offered in each elementary attendance site
 8. Elementary grades shall not include grades 9, 10, 11 or 12

The Elementary Site Allowance = Sum of Elementary Site Allowances for each qualifying elementary attendance site in the district.

(Statewide Average General Fund Operating Expenditure per Formula Student times 500% (58,198.85) times Fall membership per building divided by 8 (result is rounded up to a whole number)

If the whole number is greater than the number of elementary site grades, the whole number is equal to the number of elementary site grades.

SYSTEM AVERAGING ADJUSTMENT

System Averaging Adjustment is calculated for any district with more than 900 formula students and a lower basic funding per formula student than the average basic funding per formula student for all districts with 900 or more formula students (9,214.00).

System Averaging Adjustment = ((Avg Basic Funding per formula student for districts with 900 or more formula students – Districts Basic Funding Per Formula student) X 90 Percent X Districts Formula Students

TWO-YEAR NEW SCHOOL ADJUSTMENT

Two-year New School Adjustment is for districts that build new buildings that increase the capacity of the district's facilities and expected increase student enrollment. Application must be made in the year prior to the opening of the new building.

1st year New School Adjustment = District Basic Funding per formula student X (.20 X Estimated Increased Student Capacity)

2nd year New School Adjustment = District Basic Funding per formula student X (.10 X Estimated Increased Student Capacity)

STUDENT GROWTH ADJUSTMENT

Application for the Student Growth Adjustment must be submitted to the Nebraska Department of Education the year prior to the year of growth.

District Basic Funding per formula student X (Approved Student Growth – (greater of 25 or 1% X Fall Membership)) + .5 X (District Basic Funding per formula student X greater of 25 or 1% of the Fall Membership)

DATA SOURCES:

- Fall 2020 CDC Collection, Student Growth Adjustment

STUDENT GROWTH CORRECTION

- The district's actual growth is compared to their estimated growth. The difference is multiplied by the districts recalculated basic funding per formula student.
- Student Growth Adjustment Correction = (Actual Growth – Estimated Growth) X district's recalculated basic funding per formula student
- Actual Growth = 2019-20 ADM – 2018-19 Fall Membership
The absolute value of negative correction shall not exceed the original adjustment.

POVERTY CORRECTION

If poverty allowance expenditures do not equal 117.65% or more of the poverty allowance for the most recently available complete data year (2019/20), a correction will be calculated as follows:

Poverty Allowance Correction = Poverty Allowance for 2019/20 – 85% Poverty Allowance Expenditures

Any correction calculated pursuant to this requirement shall be added to any poverty correction calculated pursuant to requirements stated for 2021/22 to arrive at the total poverty correction.

LIMITED ENGLISH PROFICIENCY (LEP) CORRECTION

If the LEP poverty allowance expenditures do not equal 117.65% or more of the LEP allowance for the most recently available complete data year (2019/20) a correction will be calculated as follows:

LEP Allowance Correction = LEP Allowance for 2019/20 – 85% LEP Allowance Expenditures

NON QUALIFYING LIMITED ENGLISH PROFICIENCY (LEP)

If the LEP allowance expenditures do not equal 50% or more of the allowance for school fiscal year, the school district shall be disqualified from receiving an LEP allowance for the school fiscal year for which aid is being calculated.

FORMULA RESOURCES

THE SUM OF:

- Yield from Local Effort Rate
- Net Option Funding
- Allocated Income Tax Funds
- Other Receipts Actually Received by the District
- Community Achievement Plan Aid

YIELD FROM LOCAL EFFORT RATE

Yield from Local Effort Rate = Adjusted Valuation divided by 100 X Local Effort Rate of \$1.00.

LOCAL EFFORT RATE

Set at \$.05 below the maximum levy per §77-3442.

ADJUSTED VALUATION

For 2021/22 State Aid, the adjusted valuation reflects 2020 levels. The Property Tax Administrator adjusts the values to assure that for State Aid purposes:

- real property other than agricultural land is at 96% of market value;
- agricultural land is at 72% of market value as provided by statute; and
- personal property other than motor vehicles is at net book value as defined by statute.

NET OPTION FUNDING

Net Enrollment Option/Open students (students opting in minus students opting out) as of the day of the fall membership count, multiplied by 100% of the statewide average Basic Funding per formula student (10,397.20).

Net Option Funding is equal to each Local System's:

Net Enrollment Option Students X 100% of the Statewide Average Basic Funding per formula student

Except that a Local System's Net Option Funding cannot be less than zero.

ALLOCATED INCOME TAX FUNDS

A percent calculated annually of the net Nebraska income tax liability of each school district's resident individuals in tax year 2018. Each local system's allocated income tax funds shall be calculated by multiplying the local system's income tax liability certified by 2.23%.

COMMUNITY ACHIEVEMENT PLAN AID

Only applies to school districts in a learning community.

Is equal to 2% of the learning community districts Poverty allowance + 2% of the learning community districts LEP allowance + Poverty students over 40% x 3% x Statewide average GFOE per Formula Students. This determines the districts fully funded community achievement plan allowance. Then the learning community's formula students x statewide average GFOE per formula student x 0.004643 (per State Statute) = an allocation percentage. That allocation percentage x the districts fully funded community achievement plan adjustment = the calculated community achievement plan allowance for that year. Plans not approved will be removed for the fall State Aid Recalculation.

EQUALIZATION AID

Formula Needs – Formula Resources = Equalization Aid

STATE AID CALCULATION

Total State Aid

▶ Total State Aid is the sum of: Net Option Funding + Income Tax Rebate + Community Achievement Plan Aid + Equalization Aid + Prior Year Correction.

Corrections for the Prior Year

▶ In addition to the items that make up a Local System's calculated State Aid for a given year, each year's actual State Aid payments may include adjustments to the prior year's State Aid calculations in accordance with statutory provisions. The corrections to the 2021/22 payments primarily reflect the recalculation of 2020/21 State Aid based on the incorporation of 2019/20 ADM data in place of 2019/20 Fall Membership and allowing the local effort rate to "float" during the recalculation process.
