

ReadyRosie® Application Guide

Use the information below to help guide you through the ReadyRosie® application process.

- The first question on the application refers to the type of program. Indicate whether the program is a stand-alone school district or Head Start/Early Head Start or whether it is a school district/Head Start/Early Head Start classroom partnership. Programs in a partnership will need to coordinate to avoid duplication of application for classrooms.
- The school district and/or Head Start/Early Head Start will need to designate a contact person for the ReadyRosie® project. The program contact will need to provide their name and email address. The program contact will be responsible for:
 - Attending monthly virtual training sessions with ReadyRosie® staff to increase their ability to support the implementation of ReadyRosie®
 - Supporting teacher implementation and continued use of ReadyRosie®
 - Communicating updates to programs as needed.
- Subscriptions for ReadyRosie® are determined based on a set of priorities. Therefore, each school building or Head Start/Early Head Start program site will need to be completed separately. Include the total number of sites/elementary buildings included in this application.
 - Please note: The number of school buildings or sites listed on the application will prompt the number of pages for each school building and/or Early Head Start/Head Start.
 - For school districts, within each building, check any and all that apply:
 - Title 1
 - TSI or ATSI
 - District receives early childhood grant funds
 - Early Head Start/Head Start can select 'None of the Above'
- ReadyRosie® is available for infant/toddler, preschool, kindergarten classrooms, and home-based programs with a home visitor. Each home visitor with a home-based program will be counted as one classroom. Indicate the number of home visitors included in the application per school building or site.
- The NDE is exploring the possibility of expanding ReadyRosie® through third grade. Please express if the district is interested in including first, second, and third grade classrooms and the total number of classrooms.

Thank you for taking the time to apply for this opportunity!
