

TITLE I PART C

Education of Migratory Children

Staff Directory

2020-2021

MISSION

To help migratory children and youth meet high academic challenges by overcoming the obstacles created by frequent moves, educational disruption, cultural and language differences, and health-related problems.

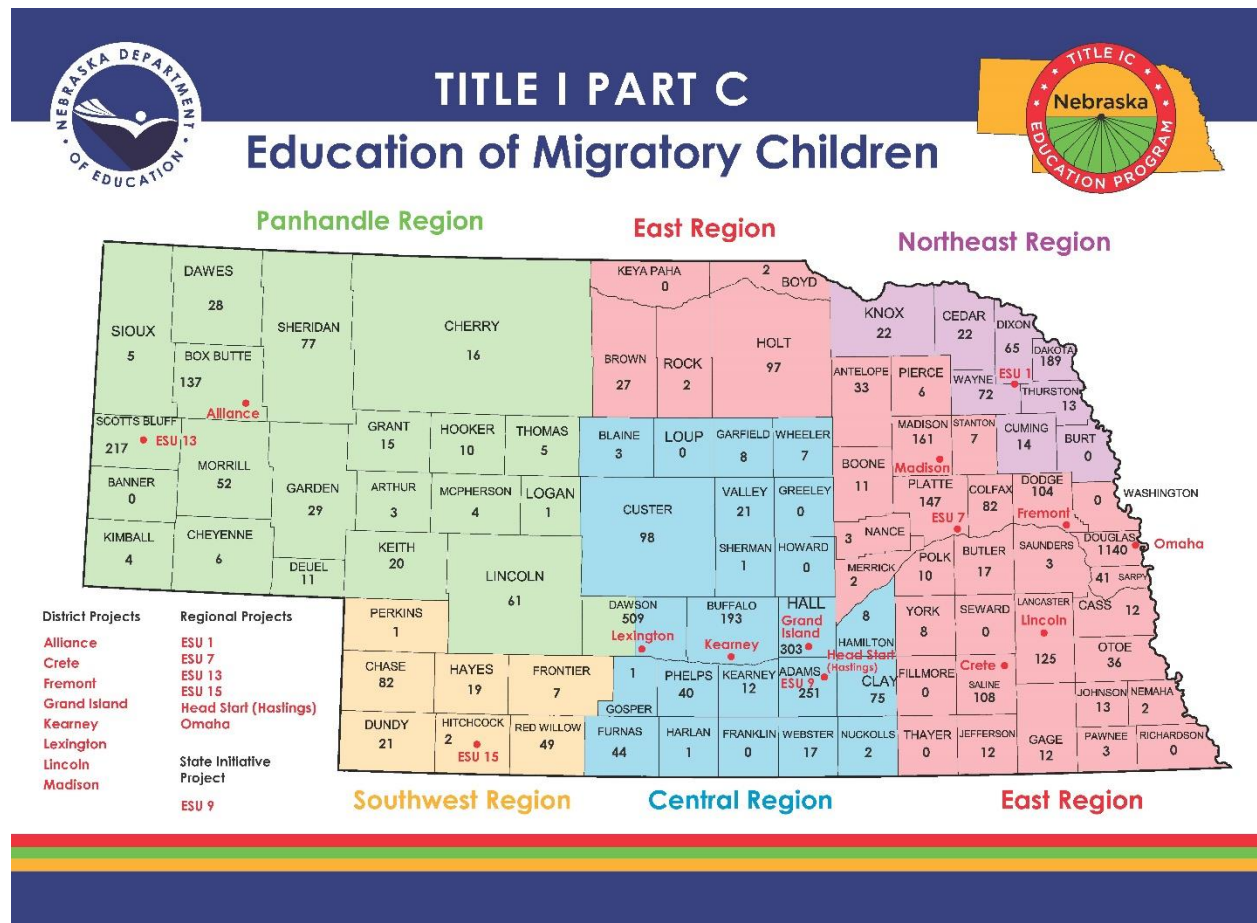

GOALS

Ensure that all migratory students reach challenging academic standards and graduate with a high school diploma (or complete a HSED) that prepares them for responsible citizenship, further learning, and productive employment.

The Nebraska Statewide Migrant Education Program (MEP) is organized into five regions: Panhandle, East, Northeast, Southwest, and Central. The regions include regional and district projects that implement supplemental educational services and activities through the MEP State Planning System for migrant student success.

MEP staff on a statewide basis work together to ensure collaboration, coordination, and a statewide perspective towards Nebraska's state MEP plan.
